

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### **Usage guidelines**

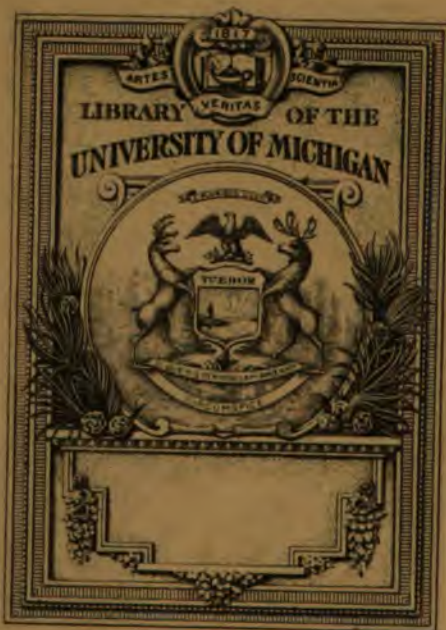

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### **About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

Report referred to Committee on Finance and Audit.

The Treasurer made the following report of receipts and expenditures for the year 1896:

REPORT OF TREASURER FOR 1896.

	Total.
Receipts, Frank Fleury, Secretary.....	\$11,474 50
Paid on vouchers'.....	11,474 50

Report referred to Committee on Finance and Audit.

The Committee on Finance and Audit then proceeded to check up the books and accounts of the Secretary and Treasurer. Upon a completion of their work, they made the following report:

*To the State Board of Pharmacy:*

GENTLEMEN:—Your Committee on Finance and Audit, to whom was referred the reports of the Secretary and Treasurer for the year 1896, have compared same with the books, have checked up the accounts, and found same correct, and have approved both reports.

H. LEE HATCH,  
F. M. SCHMIDT,

*Committee on Finance and Audit.*

On motion of Mr. Schmidt, report of committee was received and concurred in.

At 12 o'clock m., the Board, upon motion of Mr. Hatch, took a recess until 2 o'clock p. m.

At 2 o'clock p. m. the Board re-convened. On motion of Mr. Schmidt the Board proceeded to organization and the election of officers for the year 1897.

The names being in order, Mr. Schmidt nominated Mr. Albert Zimmerman for President for the year 1897.

The ballot being spread, and Mr. Zimmerman having received three votes, being a majority of all votes cast, was declared duly elected President of the State Board of Pharmacy for the year 1897.

Mr. Culver nominated Mr. F. M. Schmidt for Vice-President for the year 1897.

The ballot being spread, and Mr. Schmidt having received three votes, being a majority of all votes cast, was declared duly elected Vice-President of the State Board of Pharmacy for the year 1897, and until his successor is elected and qualified.

Mr. Schmidt nominated Mr. A. A. Culver for Treasurer for the year 1897.

The ballot being spread, and Mr. Culver having received three votes, being a majority of all the votes cast, was declared duly elected Treasurer of the State Board of Pharmacy for the year 1897, and until his successor is elected and qualified.

Mr. Hatch nominated Frank Fleury as Secretary for the year 1897.

The ballot being spread, and Mr. Fleury having received four votes, being a majority of all the votes cast, was declared duly elected Secretary of the State Board of Pharmacy for the year 1897, and until his successor is elected and qualified.

The President appointed the following standing committees for the year 1897:

Committee on Finance and Audit—Messrs. Hatch, Schmidt and new member.

Committee on Registration—Messrs. Culver, Schmidt and Zimmerman.

Committee on Complaints and Prosecutions—Messrs. Schmidt, Hatch and new member.

Committee on Adulterations—Messrs. New Member, Culver and Hatch.

Mr. Schmidt presented the following blank form of application for examination for R. Ps. and A. Ps.

#### APPLICATION FOR REGISTRATION.

##### BY EXAMINATION.

*To the State Board of Pharmacy, Illinois:*

I,....., of City, Town.....  
County of....., and State of Illinois, do hereby make application for registration, by examination, under the provisions of an act entitled "An act to regulate the practice of pharmacy in the State of Illinois," in force July 1, 1895

SECTION 5. Registered pharmacists by examination must be persons not less than twenty-one years of age, who have had four years practical experience in compounding drugs in drug stores where the prescriptions of medical practitioners are compounded, or physicians holding certificates from the State Board of Health, who have filled their own prescriptions during four years' practice in Illinois, and have passed a satisfactory theoretical examination before the State Board of Pharmacy hereinafter mentioned. \* \*

\* \* \* Every applicant for registration as a registered pharmacist shall pay to the secretary of the Board the sum of five dollars; *Provided*, that in case of failure of any applicant to pass a satisfactory examination this fee shall be refunded.

SECTION 7. Any person shall be entitled to registration as an assistant pharmacist who is of the age of eighteen years, of good moral character, temperate habits, and has had three years' service under a registered pharmacist, and the time of attendance at any respectable school of pharmacy shall be accredited on the above time, or shall pass an examination before the State Board of Pharmacy that shall show competency or qualifications equal to such service. Each applicant for registration as assistant pharmacist shall pay to the said Board the sum of five dollars before receiving his certificate of registration. Said board shall have the right to refuse registration to applicants whose examination or credentials are not satisfactory evidence of their competency, and in case of failure to pass the required examination, this fee shall be refunded. Any assistant pharmacist shall have the right to act as clerk or salesman in a drug store or pharmacy during the temporary absence of the owner or manager thereof.

If you pass a satisfactory examination for registration, the certificate will expire December 31, of the year in which you take the examination, and you will be required to register annually thereafter on or before January 1, paying the annual fee required by the Board.

The applicant will write full and complete answers to all the questions named, fill out and sign the affidavit thereunto attached, before an officer duly authorized to administer oaths and having an official seal.

ELIGIBILITY—REQUIREMENTS FOR REGISTERED PHARMACISTS.

The Pharmacy law requires the applicant for examination as Registered Pharmacist to be not less than 21 years of age, to have had four years' practical experience in compounding drugs in retail drug store where the prescriptions of medical practitioners are compounded (at the time affidavit is made to application), and to pass a satisfactory examination before the State Board of Pharmacy, showing proper qualifications for Registered Pharmacist.

ELIGIBILITY—REGISTERED ASSISTANT.

The Pharmacy law requires the applicant for examination as Assistant Pharmacist to be not less than 18 years of age, of good moral character, temperate habits, and to pass an examination before the State Board of Pharmacy, showing qualifications equal to three years' experience under a Registered Pharmacist; under this provision the Board requires applicants to have had two years' experience handling and selling drugs under Registered Pharmacist, and to pass a satisfactory examination showing proper qualifications for Assistant Pharmacist.

SECTION 10. \* \* \* The Board of Pharmacy may refuse registration, or may suspend the certificates of Registered Pharmacists or Assistant Pharmacists, who are proven to be so addicted to the excessive use of stimulants or narcotics as to render them unsafe to handle or sell drugs, medicines, and poisons. \* \* \*

Mr. Culver presented the following blank form of application for registration as Registered Pharmacist by examination:

PHYSICIAN'S APPLICATION  
 FOR REGISTRATION AS REGISTERED PHARMACIST,

BY EXAMINATION.

To the State Board of Pharmacy, Illinois:

I, ....., of City, Town..... County of ....., and State of Illinois, do hereby make application for registration as registered pharmacist, by examination, under the provisions of section 5 of an act entitled “An act to regulate the practice of pharmacy in the State of Illinois,” in force July 1, 1895.

SECTION 5. Registered pharmacists by examination must be persons not less than twenty-one years of age, who have had four years practical experience in compounding drugs in drug stores where the prescriptions of medical practitioners are compounded, or physicians holding certificates from the State Board of Health, who have filled their own prescriptions during four years' practice in Illinois, and have passed a satisfactory theoretical and practical examination before the State Board of Pharmacy hereinafter mentioned. \* \* \* \* Every applicant for registration as a registered pharmacist shall pay to the Secretary of the Board the sum of five dollars: *Provided*, that in case of failure of any applicant to pass a satisfactory examination, this fee shall be refunded.

If you pass a satisfactory examination for registration, the certificate will expire December 31 of that year, and you will be required to register annually thereafter, paying the usual annual fee.

The applicant will write full and complete answers to the questions named, fill out and sign the affidavit thereunto attached, before an officer duly authorized to administer oaths and having an official seal.

Furnish with this application, before you present yourself for examination, affidavits from two or more persons showing that you had the kind and amount of experience you claim in compounding.

ELEGIBILITY OF PHYSICIANS FOR EXAMINATION.

The pharmacy law requires physicians who apply for examination as Registered Pharmacists to be not less than twenty-one years of age, and they must hold a certificate from the State Board of Health, Illinois, and must have filled their own prescriptions during four years' practice in Illinois.

SECTION 10. \* \* The Board of Pharmacy may refuse registration, or may suspend the certificates of Registered Pharmacists or Assistant Pharmacists, who are proven to be so addicted to the excessive use of stimulants or narcotics as to render them unsafe to handle or sell drugs, medicines and poisons. \* \*

State Board of Pharmacy, Illinois.

Adopted.

Mr. Hatch presented the following circular on practical examinations:

STATE BOARD OF PHARMACY—ILLINOIS.

PRACTICAL EXAMINATIONS.

*Do Not Fail to Note Every Condition Herein Carefully.*

The State Board of Pharmacy, Illinois, have perfected arrangements to hold practical examinations at No. 173 39th street, Chicago, and at Springfield, Room 3, State House, upon stated dates. The fee for this examination will be five dollars for either Registered Pharmacist or Assistant Pharmacist certificate. Special emergency examinations have been abandoned entirely by the Board.

ELIGIBILITY—REQUIREMENTS FOR REGISTERED PHARMACIST.

The Pharmacy law requires the applicant for examination as Registered Pharmacist to be not less than 21 years of age, to have had four years' practical experience in compounding drugs in retail drug stores where the prescriptions of medical practitioners are compounded (at the time affidavit is made to application), and to pass a satisfactory examination before the State Board of Pharmacy, showing proper qualifications for Registered Pharmacist.

ELIGIBILITY—REGISTERED ASSISTANT.

The Pharmacy law requires the applicant for examination as Assistant Pharmacist to be not less than 18 years of age, of good moral character, temperate habits, and to pass an examination before the State Board of Pharmacy, showing qualifications equal to three years' experience under a Registered Pharmacist; under this provision the Board requires applicants to have had two years' experience handling and selling drugs under Registered Pharmacists, and to pass a satisfactory examination showing proper qualifications for Assistant Pharmacist.

ELIGIBILITY OF PHYSICIANS FOR EXAMINATION.

The Pharmacy law requires physicians who apply for examination as Registered Pharmacists to be not less than 21 years of age, and they must hold a certificate from the State Board of Health, Illinois, and must have filled their own prescriptions during four years' practice in Illinois.

NOTICE.—You will be required to furnish affidavits from the parties with whom you have served, showing explicitly by dates, the length of time and the kind of service you have had; and this must, in every instance, meet the requirements of the law as above stated. This testimony should accompany every application, but at least three days before the examination is taken it must be furnished. (Time of attendance in a college or school of Pharmacy does not count as experience for Registered Pharmacist, or Assistant Pharmacist.)

Application blanks for examinations and affidavits, furnished by the Secretary, and your application must be on file in the office at Springfield at least ten days before the day set for examination.

FORM OF EXAMINATION.

Applicants for examination will be expected to have at least a rudimentary knowledge of the principles underlying the science of chemistry and the practice of Pharmacy.

A sufficient knowledge of mathematics to be able to calculate percentage solutions, and convert one system of weights and measures into another.

To be sufficiently conversant with Latin to correctly read and interpret prescriptions.

To be thoroughly acquainted with manipulations, or practical work, in so far as pertains to percolation, fusion, solution, trituration, emulsification, evaporation, and other manipulations daily occurring at the prescription counter.

To be familiar with organic Materia Medica.

To be well informed on Posology and Toxicology.

To arrive at this knowledge, the applicant will be required to answer in writing, ten questions on theoretical Chemistry; twenty questions on theoretical Pharmacy.

To identify, give source, uses, and official preparations of twenty drugs.

To read correctly fifty prescriptions, selected at random from various stores in the State.

Fifty or more oral questions will be asked, relating to dispensing, manufacturing, posology, toxicology, materia medica, chemistry, and pharmacy.

The applicant will be required to compound such prescriptions as the examiners may designate, in order to show proper qualifications for dispensing.

The old style, or purely written examination, has been abandoned as unsatisfactory, and the only examination given by the State Board of Pharmacy, Illinois, is that outlined above, and modified as experience indicates, but substantially as outlined.

For certificate as Registered Pharmacist, a general average of seventy-five per cent. will be required. For certificate as Assistant Pharmacist, a general average of fifty per cent. will be required.

NOTE.—If you hold a certificate by experience at the time of taking your examination, and receive a percentage entitling you to a certificate by examination corresponding to the one you hold on experience, the certificate will be issued to you and your money retained. Should you fail entirely, or fail to get a rating great enough to entitle you to a higher certificate than the one you hold by examination at the time, your money will be refunded.

Adopted.

Mr. Schmidt presented the following blank form of application for Registered Pharmacists under section 6:

#### APPLICATION FOR REGISTRATION AS REGISTERED PHARMACIST.

(Under Section 6, Pharmacy Law, State of Illinois.)

SECTION 6. Registered pharmacists on time service must be persons not less than twenty-one years of age, who shall furnish satisfactory evidence to the State Board of Pharmacy that they have had five years' practical experience in compounding drugs in a drug store or pharmacy where the prescriptions of medical practitioners are compounded. The said board shall have the right to refuse registration to applicants whose credentials are not satisfactory evidence of their competency. Each applicant for registration under this section shall pay to the secretary of said Board the sum of five dollars before receiving his certificate of registration. *Said certificate shall be operative in and apply to the town, place, or locality for which granted and no other.* Certificates not transferable.

In force July 1, 1895.

APPLICANTS MUST FOLLOW THESE INSTRUCTIONS.

The requisite fee, \$5, must, in all cases, accompany this application.

All money sent at the risk of the sender, but to insure safe delivery, send bank draft, postal or express money order, payable to order of Frank Fleury, Secretary of the State Board of Pharmacy, Springfield, Illinois.

The applicant will write full and complete answers to the questions named, fill out and sign the affidavit hereunto attached, before an officer duly authorized to administer oaths and having an official seal. Each affidavit must give accurate dates of the length of time the applicant has been actually engaged under the R. P. in dispensing physicians' prescriptions and compounding medicines, and not simply the length of time employed in the retail drug store under him. Additional evidence may be required.

1. Name in full.....
2. Age, date, and place of birth.....
3. Residence and place of business.....
4. Length of time actually employed in retail drug stores compounding and selling drugs.....
5. Length of time actually engaged in dispensing physicians' prescriptions and compounding medicines in retail drug stores under registered pharmacists.....
6. With whom employed during such service, and where? Give name, date, and length of time employed with each person or firm.....  
.....  
.....
7. Have you ever attended a School or Department of Pharmacy? If so, where, and what grade did you attain?.....  
.....
8. How much schooling have you had, what grade did you attain, and when did your school experience end?.....  
.....
9. Are you addicted to the use of Spirituous Liquors, Narcotics, or Anodynes?.....
10. Name and location of present employer.....
11. Give names of persons who will vouch for your moral character.....  
.....  
.....

From Section 15, Pharmacy Law.--"Any person who shall wilfully make any false representation to procure registration for himself or any other person, shall, for every such offence, be liable to a penalty of fifty dollars."  
 The Board of Pharmacy will cancel any certificate thus obtained, and institute proceedings against the applicant and other offenders.

Mr. Hatch presented the following blank form of application for registration as Assistant Pharmacist under Section 7, time service clause:

APPLICATION FOR REGISTRATION AS ASSISTANT PHARMACIST.

(Under Section 7 Time Clause, Pharmacy Law, State of Illinois.)

SECTION 7. Any person shall be entitled to registration as an Assistant Pharmacist who is of the age of eighteen years, of good moral character, temperate habits, and has had three years' service under a registered pharmacist, and the time of attendance at any respectable school of pharmacy shall be accredited on the above time, or shall pass an examination before the State Board of Pharmacy that shall show competency or qualifications equal to such service. Each applicant for registration as Assistant Pharmacist shall pay to the said Board the sum of five dollars before receiving his certificate of registration. Said Board shall have the right to refuse registration to applicants whose examination or credentials are not satisfactory evidence of their competency, and in case of failure to pass the required examination, this fee shall be refunded. Any Assistant Pharmacist shall have the right to act as clerk or salesman in a drug store or pharmacy during the temporary absence of the owner or manager thereof.

In force July 1, 1895.

 and is revocable under the provisions of the Pharmacy Law.  
 Dated this.....day of.....  
 A. D. 189..

Attest: ..... President.  
 ..... Secretary.

Adopted.

Mr. Schmidt presented the following circular:

The State Board of Pharmacy, Illinois, respectfully calls your attention to the following portion of section 10, of the Pharmacy Law, and request you to at once comply with its provisions:

Section 10. \* \* \* Every certificate of registration granted under this act shall be conspicuously exposed in the pharmacy to which it applies, and the name of the Registered Pharmacist who conducts the drug store or pharmacy shall be conspicuously displayed over the door or department. Any person violating the provisions of this section shall be liable, upon conviction thereof, to pay a penalty of not less than twenty dollars nor more than fifty dollars.

Also—

Section 14. No person shall sell at retail any drug, medicine or poison, without affixing to the box, bottle, vessel or package, containing the same, a label bearing the name of the article distinctly shown, with the name and

place of business of the registered pharmacist from whom the article was obtained: *Provided*, that nothing herein contained shall apply to the dispensing of physicians' prescriptions. Any person failing to comply with the requirements of this section shall be liable to a penalty of five dollars for each and every such offense.

The State Board of Pharmacy, Illinois, have placed the following construction upon Section 14, Pharmacy Law, which refers to labeling articles of medicine:

☞ The provision in Section 14, regarding the labeling of packages, etc., will be complied with if a printed, written or stamped label or tag be affixed thereon or thereto, or if the article or package be stamped or written on, showing the name and place of business of the registered pharmacist, and the name of the article therein contained.

☞ All patent and proprietary medicines come under this provision, and must be labeled the same as other medicines before they leave the drug store or pharmacy, as contemplated in the law.

☞ The placing of the label of the registered pharmacist on the wrapper of the patent or proprietary article which bears the name of the article already printed thereon, complies with the law without rewriting or printing the name of the article on the label.

Naming the contents of physicians' prescriptions is not required by the law.

☞ All poisons must be labeled "Poison" in accordance with the requirements of Sections 62 and 63, Chapter 38, of the Criminal Code, which is in full force and effect and it does not conflict with Section 14 of the Pharmacy Law.

Section 62. Every druggist or other person who shall sell and deliver any arsenic, strychnine, corrosive sublimate, prussic acid, or other substance or liquid usually denominated as poisonous, without having the word "Poison" written or printed upon a label attached to the phial or parcel in which such drug is contained, or shall sell and deliver any drug or medicine other than upon the prescription of a physician, without having the name of such drug or medicine printed or written upon the label attached to the phial or parcel containing the same, shall be fined not exceeding \$25.

Section 63. If any druggist or other person sells or gives away any arsenic, strychnine, corrosive sublimate or prussic acid without the written prescription of a physician, and fails to keep a record of the date of such sale or gift, the article, and amount thereof sold or given away, and the person to whom delivered, he shall be fined not exceeding \$50 for each neglect. Whoever purchases any such poison and gives a false or fictitious name, shall be punished in the same manner.

Adopted.

Mr. Culver presented the following resolution on the construction of the word "Recommend," Section 3:

*Resolved*, That the State Board of Pharmacy, Illinois, construes the word "Recommend" in Section 3 of the Pharmacy Law, to be intended only as a protection to the pharmacist against prosecution for violating the medical practice act when he supplies the ordinary demands for remedies in his business, and the word "Recommend" is not to be considered a license to practice medicine.

It gives no right or authority to diagnose diseases, and prescribe medicine therefor, which privilege belongs alone to the physician.

Adopted.

Mr. Hatch presented the following resolution in regard to "Temporary Absence:"

The State Board of Pharmacy, Illinois, have defined "Temporary Absence" of the registered pharmacist from the drug store or pharmacy, under the provisions of Section 7 of the Pharmacy Law, as follows:

*Resolved, by the State Board of Pharmacy, Illinois.* That as Section 2 of the Pharmacy Law requires that every drug store in Illinois must be under the direct charge of a registered pharmacist of Illinois, with the exception made in Section 7, which provides that "Any assistant pharmacist (of Illinois) shall have the right to act as clerk or salesman in a drug store or pharmacy during the temporary absence of the owner or manager." The Board of Pharmacy construes the words "temporary absence" to mean that the assistant pharmacist may have charge of the store only while the registered pharmacist has gone to his meals, or any other like necessary duty, requiring no more time than is generally so consumed, and does not mean that the assistant pharmacist can take charge of the drug store or pharmacy for a half day or a day at a time, the expressed intention of Section 2 of the Pharmacy Law being to keep every drug store or pharmacy under the immediate charge and supervision of a registered pharmacist during all the time the drug store or pharmacy is open for business.

Adopted.

Mr. Schmidt presented the following resolution in regard to apprentices:

*Resolved, by the State Board of Pharmacy, Illinois.* That the Board of Pharmacy in construing the duties and privileges of an apprentice as contemplated in sections 9 and 3, interpret the pharmacy law to mean that they shall in no instance be permitted to act as assistant or registered pharmacist during the absence of the latter from the store or place of business.

That it is the spirit and intention of this provision of the pharmacy law to place more competent persons in line for subsequent registration, and is calculated and intended only to afford the apprentice an opportunity to acquire the necessary and contemplated experience which has not been heretofore provided for by the law.

That the apprentice shall not be considered in any sense to be authorized under the law to exercise the duties and responsibilities of a registered pharmacist, or assistant pharmacist under the law.

Adopted.

Mr. Culver presented the following resolution in regard to articles to be sold under a permit:

*Resolved, by the State Board of Pharmacy, Illinois.* That no permits will be issued to persons, firms or corporations to sell at retail from a place of business the usual domestic remedies and patent medicines under section 8, except in villages or localities remote from a pharmacy or drug store. That when a permit is issued it shall be authority to the holder thereof to sell the following medicines only, viz.: Alum, Aqua Ammonia, Ammonia Carbonate, Asafetida, Black Antimony, Blue Vitrol, Borax, Cream Tartar, Copperas, Castor Oil, Flax Seed, Fenugreek, Glauber Salts, Gum Arabic, Gum Camphor, Glycerine, Insect Powder, Petrolatum, Rosin, Turmeric, Turpentine, Salt Petre, Sal Soda, Soda Ash, Soda Bi-Carbonate, and Sulphur in bulk.

And the following put up by a registered pharmacist of Illinois, in sealed packages, properly labeled with full directions for use: Acid Tartaric, Chamomile Flowers, Cinchonidia, Cinchonidia Pills, Chlorate Potash, Epsom Salts, Extract or Essence of Ginger, Hive Syrup, Hoffman's Anodyne, Oil of Cloves, Paregoric, Quinine, Quinine Pills, Rochelle Salts, Saffron, Senna, Seidlitz Powders, Spirits Cinnamon, Spirits Camphor, Spirits Nitre, Spirits Peppermint, Syrup Ipecac. Tincture Arnica, Tinct. Iron Mur.

Patent medicines that are non-poisonous and harmless, put up in sealed packages with proper directions for use thereon.

Adopted.

Mr. Culver presented the following circular in regard to articles to be sold without a permit:

The State Board of Pharmacy, Illinois, in session July 22, 1895, in interpreting the restrictions of the sale of drugs and medicines to certain qualified persons as provided in the law, decides that the following drugs may be sold by any store without violating the provisions of the pharmacy law, viz.:

Alum, Aqua Ammonia, Borax, Copperas, Cream Tartar, Flavoring Extracts (not medicinal), Olive Oil, Rosin, Sal Soda, Soda Ash, Soda Bi-Carbonate, Sulphur, Spices and Turpentine, and that the law prohibits the sale, at retail, of patent or proprietary medicines and all drugs, medicines, chemicals and poisons by persons not authorized by the Board under the provisions of the pharmacy law.

Adopted.

Mr. Culver offered the following resolution:

*Resolved, by the State Board of Pharmacy, Illinois,* That all applicants who are eligible for examination as assistant pharmacist, who fail to receive 45 per cent. at an examination will be required to wait four months before being eligible for another examination, and all applicants who are eligible for examination as registered pharmacist who fail to receive 66 $\frac{2}{3}$  per cent. at an examination will be required to wait four months before taking another examination.

Adopted.

Upon motion of Mr. Hatch, the Board adjourned to meet Tuesday morning, January 5, 1897, at 9 o'clock for examination of applicants for registration.

Approved: ALBERT ZIMMERMANN, *President.*

Attest: FRANK FLEURY, *Secretary.*

Meeting of the State Board of Pharmacy, Illinois, held in rooms 3 and 7 State House, Springfield, Illinois, Tuesday, January 5, 1897. at 9 o'clock a. m., pursuant to adjournment, President Zimmermann presiding.

On motion of Mr. Hatch, the Board adjourned to meet in room 3, State House, Springfield, Ill., Friday, January 8, 1897, at 9 o'clock a. m.

Approved: ALBERT ZIMMERMANN, *President*.

Attest: FRANK FLEURY, *Secretary*.

Meeting of the State Board of Pharmacy, Illinois, held in room 3, State House, Friday, January 8, 1897, at 9 o'clock a. m., pursuant to adjournment, President Zimmermann presiding.

#### ROLL-CALL.

Present: Messrs. Culver, Hatch, Schmidt and Zimmermann.

The Committee on Complaints and Prosecutions made the following report for the year 1896:

SPRINGFIELD, ILL., January 1, 1897.

*To the State Board of Pharmacy:*

GENTLEMEN:—Your Committee on Complaints and Prosecutions begs leave to make the following report of the work done for the year 1896:

In Cook county the work of investigating complaints for violation of the Pharmacy Law, and securing evidence, was conducted by special agents of the Board personally, as your committee found this the best plan of investigation, particularly in Chicago. The outlay and the returns therefrom are satisfactory to your committee, as our agent secured evidence in a great number of cases that were summarily dismissed by the State's Attorney. Some forty individuals and firms were indicted by the grand jury under Mr. Kern's direction (this course of procedure being the only one that the State's Attorney would adopt), and only three or four cases were disposed of, although your committee used every means in their power to have all the cases disposed of, but they dragged along in the courts of Chicago until the State's Attorney's term of office expired, some cases having been dismissed by him and others left remaining upon the docket. Upon the accession of Mr. C. S. Dineen as State's Attorney a different plan of action was decided upon, consequently the cases by indictment we concluded to drop so far as the Board could do so and commence action as formerly done by an action in debt before a justice of the peace. It is the intention of the Board to follow up this work, and every effort will be made to compel a proper compliance with the provisions of the Pharmacy Law by all offenders.

Your committee desire to say that a vast amount of good work has been done through correspondence by the Secretary throughout the State, and through an assistant provided for the purpose of ferreting out violators of the law, who would not do so when their attention was called to the matter. A number of prosecutions have resulted from this work, and we desire to commend this work and the State's Attorneys in the various counties where prosecutions were made for their active coöperation, and when we can have this we usually succeed in our work. The cost in obtaining evidence and prosecuting is much greater throughout the State than in the cities.

Much attention has been given to general stores, many of which were found to be selling drugs, medicines and poisons in violation of the provisions of the Pharmacy Law, largely through a misunderstanding as to what they had a right to sell. A large majority of the proprietors of these stores were very willing to conform to the requirements of the law, and have done so in regard to the sale of domestic drugs and medicines.

Your committee would recommend that this work be continued, under the direction of the Secretary, throughout the entire State.

The receipts, 1896, as follows—		
Amount received from fines, Cook county.....	\$190 00	
Amount received from fines outside of Cook county.....	145 00	
		<b>\$335 00</b>
The expenses, 1896, as follows—		
Paid attorneys' fees and cost, Cook county.....	\$324 60	
Paid attorneys' fees and costs outside of Cook county.....	272 67	
		<b>577 27</b>

H. LEE HATCH,  
F. M. SCHMIDT.

*Committee on Finance and Audit.*

On motion, report of committee received, recommendations concurred in and adopted.

The Board decided to hold the next regular examination Tuesday, February 9, 1897.

On motion of Mr. Culver, the Board adjourned to meet in room 173, Thirty-ninth street, Chicago, Ill., Monday, February 8, 1897, at 9 o'clock a. m., for general business.

Approved: ALBERT ZIMMERMANN, *President.*

Attest: FRANK FLEURY, *Secretary,*

Meeting of the State Board of Pharmacy, Illinois, held in room 173, Thirty-ninth street, Chicago, Ill., Monday, February 8, 1897, at 9 o'clock a. m., pursuant to adjournment.

President Zimmermann presiding.

#### ROLL-CALL.

Present: Messrs. Culver, Hatch, Schmidt and Zimmermann.

Minutes of meetings held January 4, 5, 6, 7 and 8, 1897, read and approved.

Mr. W. C. Simpson, of Vienna, presented his credentials as member of the State Board of Pharmacy for the term ending December 30, 1901.

Mr. Simpson was welcomed by the members present, and his name was placed upon the roll-call.

The Board proceeded to the consideration of applications for examination, wherein the evidence of eligibility was not complete, the applicants appearing in person for explanation as to their eligibility for examination, and continuing until 12 o'clock, when, upon motion, the Board took a recess for lunch.

At 1 o'clock the Board reconvened and continued in session during the afternoon, the time being spent in looking over the applications for examination, and deciding on the eligibility of the applicants for examination Tuesday.

At 5 o'clock, on motion of Mr. Hatch, the Board adjourned to meet in room 173, Thirty-ninth street, Chicago, Illinois, Tuesday, February 9, 1897, at 9 o'clock a. m., for examination.

Approved: ALBERT ZIMMERMAN, *President*.

Attest: FRANK FLEURY, *Secretary*.

Meeting of the State Board of Pharmacy, Illinois, held in room 173, Thirty-ninth street, Chicago, Illinois, Tuesday, February 9, 1897, at 9 o'clock a. m. for examination, President Zimmermann presiding.

#### ROLL-CALL.

Present: Messrs. Culver, Hatch, Schmidt, Simpson and Zimmermann.

having each passed a satisfactory examination for registration as assistant pharmacists, be and are hereby declared assistant pharmacists by examination of the State Board of Pharmacy, Illinois.

Adopted.

Upon motion of Mr. Culver, the Secretary was authorized to return the fee paid by those who failed to pass the examination either for registered pharmacists or assistant pharmacists, provided they desire to withdraw their application.

The applications of Bert R. Phillips, Rushville, and Chas. W. Prothero, Chicago, for registration as registered pharmacists under section 6, were examined by the Board. The evidence of competency not being satisfactory to the Board, registration not granted.

The applications of—

William L. Armstrong.....	Jacksonville	John T. Quirk.....	Champaign
William H. Bode, Jr.....	Red Bud	Harold E. Ronalds.....	Grarville
Joseph T. Griest.....	Peoria	John M. Vreeland.....	Gibson City
Richard A. Hase.....	Quincy	Chas. F. Frison.....	Champaign
Raymond T. Moore.....	Pontiac		

for registration as assistant pharmacists under section 7, time service clause, were examined by the Board. The evidence of competency being satisfactory registration was granted to each of the persons named, and the Secretary was instructed to issue certificates as assistant pharmacists.

The application of John W. Kask, Chicago, for registration as registered pharmacist under section 6, was examined by the Board. The evidence of competency not being satisfactory to the Board registration not granted.

The application of Charles W. Kenney, Chicago, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished as to competency not being satisfactory registration not granted.

The application of Doan Parks, Fairview, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished as to competency not being satisfactory registration not granted.

The application of Elisha R. Atwood, Jr., Lostant, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished regarding his competency not being satisfactory to the Board registration not granted.

The application of William C. Roe, Tallula, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished regarding his competency not being satisfactory to the Board registration not granted.

The application of W. P. Rodemich, Millstadt, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished regarding his competency not being satisfactory to the Board registration not granted.

The application of Jacob F. J. Liess, Joliet, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished regarding his competency not being satisfactory registration not granted.

The application of George H. Mayr, Chicago, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished regarding his competency not being satisfactory to the Board registration not granted.

The application of Ernest L. Owen, Westfield, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board registration not granted.

The application of Eugene Correll, Oak Park, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board registration not granted.

The application of William Pfeffer, Waukegan, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board registration not granted.

The application of Ferdinand Christman, Waterloo, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board registration not granted.

The application of Thomas J. Horsley, Chicago, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board registration not granted.

The application of William A. Markee, Chicago, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board registration not granted.

The application of Elizabeth Outhouse, Chicago, for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board, registration not granted.

The application of Lowry Hinch, New Haven, for re-hearing, upon application for registration as registered pharmacist under section 6, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board, registration not granted.

The application of Clifford H. Rogers, Morris, for registration as assistant pharmacist, under section 7, time service clause, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board, registration not granted.

The application of Chas. T. Hamilton, Winchester, for registration as assistant pharmacist, under section 7, time service clause, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board, registration not granted.

The application of Anna Elise Schmidt, for registration as assistant pharmacist, under section 7, time service clause, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board, registration not granted.

The application of Michael J. McGraw, Oquawka, for registration as assistant pharmacist, under section 7, time service clause, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board, registration not granted.

The application of Adolph R. Schen, of Belleville, for registration as assistant pharmacist, under section 7, time service clause, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board, registration not granted.

The application of Etta J. Smith, Industry, for registration as assistant pharmacist, under section 7, time service clause, was examined by the Board. The evidence furnished in regard to competency not being satisfactory to the Board, registration not granted.

The application of Michael H. Boland, Springfield, for registration as assistant pharmacist, under section 7, time service clause, was examined by the Board. The evidence furnished in regard to eligibility not being satisfactory, registration not granted.

The application of James A. Douglass, Shawneetown, for registration as assistant pharmacist, under section 7, time service clause, was examined by the Board. The evidence furnished in regard to his eligibility for registration not being satisfactory, registration not granted.

The application of Edward W. Adler, St. Jacob, for registration as assistant pharmacist, under section 7, time service clause, was examined by the Board. The evidence furnished in regard to eligibility for registration not being satisfactory, registration not granted.

The application of S. S. Prentiss McKenzie, Jacksonville, for registration as assistant pharmacist, under section 7, time service

clause, was examined by the Board. The evidence furnished in regard to his eligibility not being satisfactory, registration not granted.

The informal application of R. L. Oliver, of Stockton, for examination, was examined by the Board. The Board decided Mr. Oliver not eligible for the reason that he has not had four years experience in a retail drug store as required by section 5.

The certificate of Philip E. Chapman for 1897, who died January 23, 1897, was cancelled, and the Secretary authorized to refund to Mrs. Chapman the amount of fee paid, \$1.50.

The application of John M. Eaton, Chicago, for re-registration as registered pharmacist No. 8110, was examined by the Board. Registration granted upon the payment of back fees.

The application of John W. Merrill, Chicago, for re-registration as registered pharmacist No. 274, was examined by the Board. Re-registration granted upon the payment of back fees.

The application of Hermann Mootz, Carmi, for re-registration as registered pharmacist No. 1614, was examined by the Board. Re-registration granted upon the payment of back fees.

The application of Allen G. Griggs, Ottawa, for re-registration as registered pharmacist No. 1176, was examined by the Board. Re-registration granted upon the payment of back fees.

The application of Martin V. Creagan, Chicago, for re-registration as registered pharmacist No. 8389, was examined by the Board. Re-registration granted upon the payment of back fees.

The application of J. C. Malster, for re-registration as registered pharmacist No. 7008, was examined by the Board. Registration granted upon the payment of back fees.

The application of Virgil W. Young, Eldorado, for re-registration as registered pharmacist No. 1623, was examined. Re-registration granted upon the payment of back fees.

The application of Frank Kreitner, Mound City, for re-registration as registered pharmacist No. 852, was examined by the Board. Re-registration granted upon the payment of back fees.

The application of Chas. S. Nelson, Springfield, for re-registration as registered pharmacist No. 6965, was examined by the Board. Re-registration granted upon the payment of back fees.

The application of D. J. Mahoney, Chicago, for re-registration as assistant pharmacist No. 2289, was examined by the Board. Re-registration granted upon the payment of back fees.

The application of George E. Lund, Chicago, for re-registration as assistant pharmacist No. 2318, was examined by the Board. Re-registration granted upon the payment of back fees.

The application of Arthur S. Gillett, Rockford, for re-registration as assistant pharmacist No. 1465, was examined by the Board. Re-registration granted upon the payment of back fees.

The application of Isaac M. Asbury, New Haven, for re-registration as registered pharmacist No. 5026, was examined by the Board.

His last registration having expired December 31, 1887, the Board decided Mr. Asbury was not eligible for re-registration under the present law; therefore re-registration not granted.

The application of John W. Kellem, of Alsey, for re-registration as registered pharmacist No. 2772, was examined by the Board. His last registration having expired December 30, 1886, the Board decided Mr. Kellem was not eligible for re-registration under the present law; therefore re-registration not granted.

The application and affidavit of Mrs. Mamie H. Huber, for re-registration, she being a registered assistant pharmacist, under the name of Mamie H. Walker, and having on the 29th day of October, 1896, married Joseph E. Huber. The evidence of this fact was furnished by the marriage certificate and an affidavit from W. M. Benton, and the Secretary was authorized to change the name upon the registration books and upon the certificate.

The application of S. C. Tucker, of Champaign, to have his certificate as registered pharmacist under section 6, changed to another location was examined by the Board. The Committee on registration was authorized to do so, provided a new application for the new location was made and a surrender of the Champaign certificate.

report that they have examined vouchers, find them correct, and recommend that they be allowed, and warrants be drawn upon the Treasurer for the amount due each.

Respectfully submitted,

H. LEE HATCH,  
F. M. SCHMIDT,  
W. C. SIMPSON,

*Committee on Finance and Audit.*

On motion of Mr. Culver, report of committee received, recommendations concurred in and adopted.

On motion of Mr. Schmidt, the Board adjourned to meet in room 173, Thirty-ninth street, Chicago, Ill., Monday, April 26, 1897, at 10 o'clock a. m., for general business.

Approved: ALBERT ZIMMERMANN, *President.*

Attest: FRANK FLEURY, *Secretary.*

Meeting of the State Board of Pharmacy, Illinois, held in room 173, Thirty-ninth street, Chicago, Ill., Monday, April 26, 1897, at 9 o'clock a. m., pursuant to adjournment, President Zimmermann presiding.

#### ROLL-CALL.

Present: Messrs. Culver, Hatch, Schmidt, Simpson and Zimmermann.

Minutes of meetings held February 8, 9, 10, 11, 12 and 13, 1897, read and approved.

The following communication was read:

CHICAGO, February 8, 1897.

At a regular meeting of the Faculty of the School of Pharmacy of the University of Illinois, this day, the following resolution was adopted:

*Resolved*, That the Faculty of the School of Pharmacy of the University of Illinois requests the State Board of Pharmacy of Illinois to assist, in conjunction with the advisory board of the Illinois Pharmaceutical Association, in the examinations of the graduating class of the school, in Chicago, April 12, 13, 14 and 15, 1897.

W. B. DAY, *Secretary*.

The Board proceeded to examine all applications for registration by examination, and to decide as to the eligibility of the applicants for examination. Quite a number of applicants appeared before the Board in person, and owing to the large number of applicants, the Board decided to divide the class in two sections, there being over 200 applicants. The first division to commence Tuesday morning April 27, the second division to commence Monday, May 3.

The applications of—

John G. Ermeling .....	Havana	C. A. Reen .....	Peoria
Theodore Moratz .....	Bloomington	D. A. Stevens .....	West Salem
Max O'Koniewski .....	Chicago	Victor F. Walter .....	Mt. Carmel
Doan Parks .....	Fairview	C. E. Webber .....	Mill Shoals

for registration as registered pharmacists under section 6, were examined by the Board. The evidence of competency being satisfactory to the Board, registration granted, and upon motion, the Secretary was instructed to issue certificates to each of the persons named.

The applications of—

Carl Averitt .....	Tuscola	John Mulkey .....	Cairo
Arthur C. Funcke .....	East St. Louis	William H. Norton .....	Hampshire
Howard N. Geyer .....	Sterling	Bert Prickett .....	Centrallia
Edward A. Graf .....	Alhambra	William L. Sharp .....	Keensburg
Herbert N. Hinkle .....	Alton	Dan G. Swannell .....	Champaign
Walter Holderread .....	Litchfield	Louis H. VanDyke .....	Eureka
Frank N. Leslie .....	Manitou		

for registration as assistant pharmacists under section 7, time service clause, were examined. The evidence of competency being satisfactory to the Board, registration granted, and upon motion, the Secretary was instructed to issue certificates to each as assistant pharmacists.

The application of Hedley Davis, Chicago, for re-registration as registered pharmacist No. 6966 examined. Re-registration granted upon the payment of back fees.

The application of James E. Warder, Chicago, for re-registration as registered pharmacist No. 8689 examined. Re-registration granted upon the payment of back fees.

The application of Alonzo Moffitt, Wyoming, for re-registration as registered pharmacist No. 2814 examined. Re-registration granted upon the payment of back fees.

The application of John A. Mayer, Chicago, for re-registration as registered pharmacist No. 850 examined. Re-registration granted upon payment of back fees.

The application of Henry M. Walk, Enfield, for re-registration as assistant pharmacist No. 2234 examined. Re-registration granted upon payment of back fees.

The application of John S. Trares, for re-registration as registered pharmacist No. 6943 examined. Re-registration granted upon payment of back fees.

The application of L. K. Crissey, Marengo, for re-registration as assistant pharmacist No. 369 examined. Re-registration granted upon payment of back fees.

The application of W. F. Dessau, for re-registration as registered pharmacist No. 3699 examined. Re-registration granted upon payment of back fees.

The application of P. H. Bernhard, Lockport, for re-registration as registered pharmacist No. 6195 examined. Re-registration granted upon payment of back fees.

The application of A. J. Riedel, for re-registration as registered pharmacist examined. Re-registration granted upon payment of back fees.

The application of H. C. Kibbie, Oblong, for re-registration as registered pharmacist examined, and Secretary was instructed to issue H. C. Kibbie a red certificate as registered pharmacist for Oblong, only upon payment of back fees.

The application of B. A. Hattenhauer, Streator, for re-registration as registered pharmacist No. 741, examined. The last registration expired Dec. 31, 1891. Being out of the business over five years, re-registration not granted.

The application of W. O. Denman, Greenup, for re-registration as registered pharmacist No. 5291, examined. Last registration expired Dec. 31, 1888. Being out of business over eight years, re-registration not granted.

The application of C. H. Wineman, Auburn, for duplicate certificate, original having been destroyed by fire, examined. The Secretary was instructed to issue duplicate certificate.

The application of Frank M. Hutton, Auburn, for duplicate certificate as assistant pharmacist, the original having been destroyed by fire, examined. The Secretary was instructed to issue duplicate certificate.

The application of E. L. Shinkle, Casey, for duplicate certificate as registered pharmacist, original having been destroyed by fire, examined. The Secretary was instructed to issue duplicate certificate.

The application of Harry M. Long, Evanston, for duplicate certificate as assistant pharmacist No. 2140, examined. The Secretary was instructed to ascertain from Mr. Long how, when and where certificate was destroyed.

The application of Guy Rutson, Chicago, for duplicate certificate as registered pharmacist No. 6867, examined. The Secretary was instructed to ascertain from Mr. Rutson how, when and where certificate was destroyed.

The application of Jessie Entriiken Altom for change of name on certificate and records from Jessie Entriiken to Jessie Entriiken Altom, she having changed her name by marriage. The proper affidavits, setting forth the facts in this case, having been made, the Secretary was instructed to change the name upon the records of the books and certificate, in accordance with the application.

The application of Ethan Allen for re-registration as registered pharmacist, was examined. The Secretary was instructed to notify Mr. Allen that he must furnish satisfactory evidence of continuous service in the drug business since the expiration of his last certificate; when this was done, the Board would favorably consider his case.

At 5 o'clock the Board adjourned to meet in room 173, Thirty-ninth street, Tuesday, April 27, 1897, at 9 o'clock a. m., for examination.

Approved: ALBERT ZIMMERMAN, *President*.

Attest: FRANK FLEURY, *Secretary*.

Meeting of the State Board of Pharmacy, Illinois, held in room 173, Thirty-ninth street, Chicago, Illinois, Tuesday, April 27, 1897, at 9 o'clock a. m., pursuant to adjournment, President Zimmermann presiding,

*Committee on Finance and Audit.*

Report of committee received, recommendations concurred in and adopted.

Business before the Board having been completed, on motion of Mr. Simpson, the Board adjourned to meet in room 173 Thirty-ninth street, Chicago, Illinois, Monday, September 13, 1897, at 9 o'clock a. m., for examining the applications and arranging for the regular examination Tuesday, September 14.

Approved: ALBERT ZIMMERMANN, *President.*

Attest: FRANK FLEURY, *Secretary.*

Meeting of the State Board of Pharmacy held in room 173, Thirty-ninth street, Chicago, Ill., Monday, September 13, at 9 o'clock a. m., pursuant to adjournment, President Zimmermann presiding.

ROLL-CALL.

Present—Messrs. Hatch, Schmidt, Simpson and Zimmermann.  
Absent—Mr. Culver.

Minutes of meetings held June 14, 15, 16, 17, 18 and 19 read and approved.

The Board proceeded to the consideration of the applications on file for examination September 14. 102 applicants qualified under the rules of the Board. The class was divided into two sections, one for a. m. and the other for p. m.

The Board then proceeded to the consideration of the applications for registration under sections 6 and 7, time service clause.

The applications of Edwin L. Harris, Lewistown; Percy M. Zinser, Minonk; Chester M. Turus, Dana, and Willard F. Barnes, Monmouth, for registration as assistant pharmacists under time service clause were referred to Mr. Zimmermann with instructions to investigate the competency of the applicants for registration.

The applications of John W. Kask, Chicago; W. P. Cleary, Odell, for registration as registered pharmacists under section 6, and Harry W. Cook, Huntley; Clair S. Dyas, Arlington Heights; Peter Nelson, DeKalb, and Geo. N. Ruby, Yorkville, for registration as assistant pharmacists, time service clause, were referred to Mr. Schmidt for investigation as to the competency of the applicants for registration. Also the application of John G. Saxe, Chicago, for registration as apprentice, and Benj. Legters, Lansing, for a permit, was referred to Mr. Schmidt for investigation.

The applications of Samuel A. Huffman, Pegram; Robert C. Pollock, Pittsfield; Mrs. Minnie Watkins, Petersburg; Chas. M. Black, Charleston (changed to Toledo); Thos. J. Upchurch, Blue Mound, for registration as registered pharmacists under section 6; Louis M. Baker, New Canton; Albert W. Ehlebe, Warsaw; Walter A. Klippert, Warsaw, and Mrs. Amanda E. Schultz, Carthage, for registration as assistant pharmacists under time service clause, were referred to Mr. Hatch for investigation as to the competency of the applicants for registration.

The applications of Paul Eich, Effingham, and John W. Parks, Anna, for registration as registered pharmacists under section 6, and Henry F. Palmer, Noble, for registration as assistant pharmacist, time service clause, were referred to Mr. Simpson for investigation as to the competency of the applicants for registration.

The application of Mrs. Amanda R. Hess, Sidney, for registration as registered pharmacist was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Thomas E. Gragg, Stonington, for registration as registered pharmacist was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Geo. A. Klein, Bethalto, for registration as registered pharmacist under section 6 was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of C. Lester Duff, Clay City, for registration as registered pharmacist under section 6 was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Robert W. Joyner, Ridgway, for registration as registered pharmacist under section 6 was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Albertis G. Barrum, Arthur, for registration as registered pharmacist under section 6 was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of William J. Keeley, Chicago, for registration as registered pharmacist under section 6 was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Elmer N. Woolley, Carlinville, for registration as registered pharmacist under section 6 was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Emil C. Behrens, Carlinville, for registration as registered pharmacist under section 6 was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Geo. S. Malone, Chicago, for registration as registered pharmacist under section 6 was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of G. H. Dashwood, Quincy, for registration as registered pharmacist under section 6 was examined by the Board. The evidence furnished not being satisfactory to the Board as to competency, registration not granted.

The application of Edgar Higginbotham, Tower Hill, for registration as registered pharmacist under section 6 was examined by the Board. The evidence furnished not being satisfactory as to competency, registration not granted.

The application of Jonathan H. Seaman, Taylorville, for registration as registered pharmacist under section 6 was examined by the Board. The evidence furnished not being satisfactory as to competency, registration not granted.

The application of John W. Day, Clinton, for registration as registered pharmacist under section 6 was examined by the Board. The evidence furnished not being satisfactory as to competency, registration not granted.

The application of Mrs. Jessie E. Altom, Coffeen, for registration as registered pharmacist under section 6 was examined by the Board. The evidence furnished not being satisfactory as to competency, registration not granted.

The application of Mrs. Margaret M. Rockey, Nora, for registration as registered pharmacist under section 6 was examined by the Board. The evidence furnished not being satisfactory as to competency, registration not granted.

The application of James W. Jones, Cowden, for registration as registered pharmacist under section 6 was examined by the Board. The applicant not being eligible for registration under section 6, registration not granted.

The application of Charley F. Merker, East St. Louis, for registration as registered pharmacist under section 6 was examined by the Board. The applicant not being eligible under section 6, registration not granted.

The application of Ed C. Horsch, Stockton, for registration as assistant pharmacist, time service clause was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of William H. Damron, Basco, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Geo. F. Danby, Elgin, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of L. L. Hiatt, Wheaton, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of O. P. Holaday, Hoopeston, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of B. F. Kissel, Belleville, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of W. W. Klore, Chicago, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Harold Lemmon, Norris City, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of C. H. Mishler, Mt. Morris, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of H. L. Pettitt, Rock Falls, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of Samuel E. Pouley, Elburn, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of O. C. Rees, Nokomis, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

The application of W. A. Rennen, Chicago, for registration as assistant pharmacist, time service clause, was examined. The evidence of competency not being satisfactory to the Board, registration not granted.

for permits to sell domestic remedies and patent or proprietary medicines were examined and not approved.

A communication in regard to S. O. Kennedy, Chestnut, stating that he is not engaged in the drug business in any way but continues to renew his certificate as assistant pharmacist, read, and the Secretary was instructed to investigate the facts, and if as stated, not to renew the certificate for 1898.

The Secretary was instructed not to renew permits at Pesotum, N. Chicago, Richview and Sheridan for the reason that there is a regular drug store at these places.

A communication from W. A. Wesner, R. P., at Murrayville, in relation to a permit at Midway road. The Board can see no valid cause for revocation of permit.

The application of F. S. Wilson for duplicate certificate made out in the name of Joseph Guertler, Chicago, read. The Board being in possession of the fact of Guertler's death, declined to grant duplicate certificate.

At 5 p. m., upon motion of Mr. Simpson, the Board adjourned to meet in room 173 Thirty-ninth street, Chicago, Saturday September 18, 1897, at 9 o'clock a. m., for general business.

Approved: ALBERT ZIMMERMANN, *President*.

Attest: FRANK FLEURY, *Secretary*.

Meeting of the State Board of Pharmacy, Illinois, held in room 173 Thirty-ninth street, Chicago, Illinois, Saturday September 18, 1897, at 9 o'clock a. m., pursuant to adjournment, President Zimmermann presiding.

#### ROLL-CALL.

Present: Messrs. Hatch, Culver, Schmidt, Simpson and Zimmermann.

The application of Joseph L. Fetherston, Chicago, for registration as registered pharmacist under section 6, was examined by the Board. The Board not being satisfied from the evidence before them as to the competency of the applicant, registration not granted.

The application of Mrs. Anna Kadlec, Chicago, for registration as assistant pharmacist, time service clause, was examined. The Board was not satisfied from the evidence before them as to the competency of the applicant, therefore registration not granted.

The Board proceeded to the consideration of rules and regulations governing the examination for the year 1898. Several plans were presented, and after a long discussion, the matter was finally referred to the Committee on Registration with instructions to report an outline of the rules and regulations governing the Board in regard to the examinations for the year 1898.

The class being too large for written examination, one-half of the applicants were dismissed and instructed to be present at one o'clock p. m. for written work, after which the President addressed the class, stating the rules and regulations governing the examination.

The Board then proceeded to the examination in regular course, and continued without intermission until 6 o'clock p. m., when, upon

motion of Mr. Schmidt, the Board adjourned to meet in room 173, Thirty-ninth street, Chicago, Illinois, Wednesday, November 17, 1897, at 9 o'clock a. m., pursuant to adjournment.

Approved: ALBERT ZIMMERMANN, *President*.

Attest: FRANK FLEURY, *Secretary*.

Meeting of the State Board of Pharmacy, Illinois, held in room 173, Thirty-ninth street, Chicago, Illinois, Wednesday, November 17, 1897, at 9 o'clock a. m., pursuant to adjournment, President Zimmermann presiding.

ROLL-CALL.

Present: Messrs. Culver, Hatch, Schmidt, Simpson and Zimmermann.

The Board proceeded with the examination of applicants for registration, and continued without intermission until 6 o'clock p. m. when,

Upon motion of Mr. Hatch, the Board adjourned to meet Thursday, November 18, 1897, at 9 o'clock a. m., for examination.

Approved: ALBERT ZIMMERMANN, *President*.

Attest: FRANK FLEURY, *Secretary*.

Meeting of the State Board of Pharmacy, Illinois, held in room 173, Thirty-ninth street, Chicago, Illinois, Thursday, November 18, 1897, at 9 o'clock a. m., pursuant to adjournment, President Zimmermann presiding.

ROLL-CALL.

Present: Messrs. Culver, Hatch, Schmidt, Simpson and Zimmermann.

The Board then proceeded with the examination of applicants for registration, and continued without intermission until 6 o'clock p. m., having completed the examination of all the applicants.

On motion of Mr. Culver, the Board adjourned to meet in room 173, Thirty-ninth street, Chicago, Friday, November 19, 1897, at 9 o'clock a. m. for general business.

Approved: ALBERT ZIMMERMANN, *President*.

Attest: FRANK FLEURY, *Secretary*.

Meeting of the State Board of Pharmacy, Illinois, held in room 173, Thirty-ninth street, Chicago, Illinois, Friday, November 19, 1897, at 9 o'clock a. m., pursuant to adjournment, President Zimmermann presiding.

## ROLL-CALL.

Present: Messrs. Culver, Hatch, Schmidt, Simpson and Zimmermann.

The Board then proceeded with the consideration of ratings received by the applicants for registration by examination. Upon the completion of this work the following resolution was offered by Mr. Schmidt:

Meeting of the State Board of Pharmacy, Illinois, held in room 173, Thirty-ninth street, Chicago, Illinois, Saturday, Nov. 20, 1897, at 9 o'clock a. m., pursuant to adjournment, President Zimmermann, presiding.

## ROLL-CALL.

Present: Messrs. Culver, Hatch, Schmidt, Simpson and Zimmermann.

The Board took up the matter of the sale of certain domestic articles by grocers and others in requiring a permit, and as a resolution of their considerations the following was presented as the outcome of their deliberations:

The State Board of Pharmacy, Illinois, in session Nov. 20, 1897, in interpreting the restrictions of the sale of drugs and medicines to certain qualified persons as provided in the law, decides that the following drugs may be sold by any store without violating the provisions of the Pharmacy law, viz.:

Alum, ordinary aqua ammonia, bay rum, borax, cherry phosphates (not labeled for medicinal purposes), copperas, cream tartar, extract of ginger, and other flavoring extracts (not labeled for medicinal purposes), lubricating castor oil, olive oil, petrolatum (not labeled for medicinal purposes), rosin, sal soda, soda ash, soda bicarbonate, sulphur, spices of all kinds, extract witch hazel (not labeled for medicinal purposes) and turpentine.

The law prohibits the sale, at retail, of patent or proprietary medicines, and all drugs, medicines, chemicals and poisons by persons not authorized by the Board under the provisions of the Pharmacy law.

Adopted.

The following claims were presented and referred to the Committee on Finance and Audit:

A. Zimmermann, per diem and expenses.....	\$88 00
F. M. Schmidt, .. .. .	53 00
A. A. Culver, .. .. .	64 00
H. Lee Hatch, .. .. .	95 85
W. C. Simpson, .. .. .	103 10
F. Fleury, Secretary, personal expense at meeting.....	39 00
.. .. . miscellaneous expense of Board.....	86 80
.. .. . postage.....	49 00
.. .. . expenses of Committee on Prosecutions.....	22 00
L. M. Smith & Bro., Agt., rent office in Chicago.....	70 00
Hack & Anderson, printing.....	4 25

E. F. Hartman, supplies.....	1 60
Central Union Tel. Co.....	12 50
John M. Striffler, ice.....	3 00
H. W. Rokker, supplies.....	15 50

Mr. Schmidt offered the following, to govern examinations in the future:

A registered pharmacist by examination, must have a general average of 75 per cent., and not less than 60 per cent. in dispensing. If the applicant's general average falls below 66 $\frac{2}{3}$  per cent., they must wait four months before taking another examination.

The written work shall consist of 20 questions in theoretical pharmacy and 10 questions in theoretical chemistry, the questions to be printed on white paper and numbered, and marked examination for registered pharmacist.

Identify 10 specimens, giving official name, common name, official definition of specimens, natural order, habitat, medical properties, official preparations and doses thereof.

A registered assistant pharmacist by examination must have a general average of 60 per cent., and not less than 50 per cent. in dispensing. If the applicants' general average fall below 45 per cent., they must wait four months before taking another examination.

The written work shall consist of 20 elementary questions in pharmacy, and 10 elementary questions in chemistry, the questions to be printed on pink paper and numbered, and marked examination for assistant pharmacist.

Identify 10 specimens, giving official name, common name, medical properties, official preparations, and doses thereof.

Adopted.

REPORT OF COMMITTEE.

Fined \$20 and costs. Paid.

The People,  
vs.  
Sprowls & Dauby, drug store, Elgin. }  
Before County Court, Kane county, Ill. M. O. Southworth, Judge  
Fined \$20 and costs. Paid.

There are a number of appeal cases pending in the courts of Cook county for violation of the adulteration clause, section 15, of the pharmacy law, also appeal cases pending in other counties of the State for violation of sections 2, 3 and 10. Your committee has done some active work in Cook county, with the result that several department stores have quit handling medicines, and while we have done good work in prosecutions and otherwise in getting violators of the law into line it is expensive work and requires constant vigilance.

The total receipts from prosecutions has been.....	\$2,942 19
The total expenditures have been for same.....	3,203 69

The receipts are divided as follows:

From Cook county.....	\$2,466 49
From other counties.....	375 70

The expenses in Cook county are divided as follows:

Attorney's fees paid.....	\$1,175 00
Expert chemist's fees paid.....	202 67
Court costs, constables' fees and stenographer's fees paid.....	72 00
Canvassing agents, per diem and expenses, obtaining evidence, etc.....	1,203 10
<b>Total</b> .....	<b>\$2,652 77</b>

The expenses outside of Cook county are divided as follows:

Attorneys' fees paid.....	\$109 37
Court costs and constables' fees paid.....	51 95
Canvassing agents, per diem and expenses, obtaining evidence, etc.....	289 60
<b>Total</b> .....	<b>\$450 92</b>
The expenses over receipts for the year.....	\$361 50

A considerable portion of this amount will accrue to the Board later, in our opinion, from cases now pending in the courts. In addition to these expenses your committee incurred an expense of \$157.50, which amount was paid to T. H. Field for making 315 reports of drug stores as follows:

City or town.....

Population..... County.....

Name of firm.....

Individual members of firm:

.....	R. P. or not?	Certificate No.....
.....	R. P. or not?	Certificate No.....
.....	R. P. or not?	Certificate No.....

R. P.'s employed:

.....	Certificate No.....
.....	Certificate No.....
.....	Certificate No.....

Is the R. R. a practicing physician?.....

Reg. Assistants employed:

.....	Certificate No.....
.....	Certificate No.....
.....	Certificate No.....

On motion of Mr. Hatch, report received and recommendations concurred in.

On motion of Mr. Simpson, the Board adjourned to meet in room 3, State House, Springfield, Illinois, Monday, January 3, 1898, at 9 o'clock a. m., for examination and general business.

Approved: ALBERT ZIMMERNANN, *President*.

Attest: FRANK FLEURY, *Secretary*.

AN ACT to amend an act entitled "An act to regulate the practice of pharmacy in the State of Illinois," approved May 30, 1881, as amended by act approved June 4, 1889.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* That an act entitled "An act to regulate the practice of pharmacy in the State of Illinois," approved May 30, 1881, in force July 1, 1881, as amended by act approved June 4, 1889, in force July 1, 1889, be amended to read as follows:

§ 2. That it shall be unlawful for any person not a registered pharmacist within the meaning of this act to open or conduct any pharmacy, dispensary, drug store, apothecary shop or store, for the purpose of retailing, compounding or dispensing drugs, medicines, or poisons, and any person violating the provisions of this section shall be liable to a penalty of not less than twenty nor more than one hundred dollars for every such violation: *Provided, however.* That nothing in this act shall prevent any person or persons, owning a drug store or pharmacy who shall employ and place in active and personal charge of the same, a registered pharmacist, and that nothing herein contained shall apply to nor in any manner interfere with the practice of any physician, or prevent him from supplying to his patients such articles as may seem to him proper; nor with

the exclusively wholesale business of any wholesale druggist: nor with the sale of patent and proprietary medicines and domestic remedies by retail dealers in localities as hereinafter provided.

§ 3. That it shall be unlawful for the proprietor of any drug store or pharmacy to allow any person in his employ except a registered pharmacist or registered assistant pharmacist to compound, recommend, dispense, or sell at retail, drugs, medicines, or poisons, or except an apprentice under the immediate supervision of a registered pharmacist as hereinafter provided. Any person violating the provisions of this section shall be liable to a fine of not less than ten nor more than fifty dollars for each and every such offense.

§ 4. The term drug store or pharmacy shall for all purposes of this act be construed to mean a store, shop, or other place of business where drugs, medicines, or poisons are compounded, dispensed, or sold at retail.

§ 5. Registered pharmacists by examination must be persons not less than 21 years of age, who have had four years' practical experience in compounding drugs in drug stores where the prescriptions of medical practitioners are compounded, or physicians holding certificates from the State Board of Health, who have filled their own prescriptions during four years' practice in Illinois, and have passed a satisfactory theoretical and practical examination before the State Board of Pharmacy hereinafter mentioned. The said board may, in their discretion, grant certificates of registration to such persons as shall furnish with their application satisfactory proof that they have been registered by examination in some other state: *Provided*, That such other state shall require a degree of competency equal to that required of applicants in this State. Every applicant for registration as a registered pharmacist shall pay to the secretary of the board the sum of five dollars: *Provided*, That in case of failure of any applicant to pass a satisfactory examination this fee shall be refunded.

§ 6. Registered pharmacists on time service must be persons not less than 21 years of age, who shall furnish satisfactory evidence to the State Board of Pharmacy that they have had five years' practical experience in compounding drugs in a drug store or pharmacy where the prescriptions of medical practitioners are compounded. The said board shall have the right to refuse registration to applicants whose credentials are not satisfactory evidence of their competency. Each applicant for registration under this section shall pay to the secretary of said board the sum of five dollars before receiving his certificate of registration. Said certificate shall be operative in and apply to the town, place, or locality for which granted, and no other.

§ 7. Any person shall be entitled to registration as an assistant pharmacist who is of the age of 18 years, of good moral character, temperate habits, and has had three years' service under a registered pharmacist, and the time of attendance at any respectable school of pharmacy shall be accredited on the above time, or shall pass an examination before the State Board of Pharmacy that shall

show competency or qualifications equal to such service. Each applicant for registration as assistant pharmacist shall pay to the said board the sum of five dollars before receiving his certificate of registration. Said board shall have the right to refuse registration to applicants whose examination or credentials are not satisfactory evidence of their competency, and in case of failure to pass the required examination this fee shall be refunded. Any assistant pharmacist shall have the right to act as clerk or salesman in a drug store or pharmacy during the temporary absence of the owner or manager thereof.

§ 8. The Board of Pharmacy may in their discretion issue permits to persons, firms, or corporations engaged in business in villages or other localities, empowering them to sell the usual domestic remedies and proprietary medicines under such restrictions as the Board of Pharmacy may deem proper. Each applicant for this permit shall pay to the said board the sum of one dollar before said permit shall issue. Said permit shall specifically state just what the holder thereof is allowed to sell.

§ 9. It shall be the duty of registered pharmacists who take into their employ an apprentice for the purpose of becoming a pharmacist to report to the board such facts regarding his schooling and preliminary qualifications as the board may require for the purpose of registration. The board shall furnish proper blanks for this purpose and issue a certificate of registration (without cost) as a registered apprentice.

§ 10. Every registered pharmacist, who desires to continue the practice of his profession, shall annually thereafter, during the time he shall continue in such service, on such dates as the Board of Pharmacy may determine, of which date he shall have thirty days' notice by said board, pay to the secretary of the board a registration fee, to be fixed by the board, but which shall in no case exceed \$1.50, for which he shall receive a renewal of such registration. The failure of any registered pharmacist to pay said fee shall not deprive him of his right to renewal upon payment thereof; nor shall his retirement from the profession deprive him of the right to renew his registration should he within five years thereafter wish to resume the practice, upon the payment of said fees. Registered assistants upon receiving notice as aforesaid shall if they desire to renew their registration, pay to the secretary of said board an annual fee of one dollar: *Provided, however,* That the Board of Pharmacy may refuse registration, or may suspend the certificates of registered pharmacists, or assistant pharmacists, who are proven to be so addicted to the excessive use of stimulants or narcotics as to render them unsafe to handle or sell drugs, medicines, and poisons. The holders of permits shall pay the sum of one-half dollar annually for the renewal of said permit. Every certificate of registration granted under this act shall be conspicuously exposed in the pharmacy to which it applies, and the name of the registered pharmacist who conducts the drug store or pharmacy shall be conspicuously displayed

over the door or department. Any person violating the provisions of this section shall be liable, upon conviction thereof, to pay a penalty of not less than twenty dollars nor more than fifty dollars.

§ 11. The Governor, with the advice and consent of the Senate, shall appoint five persons from among such competent registered pharmacists in the State as have had ten years' practical experience in the dispensing of physicians' prescriptions, and who are actively engaged in the practice of their profession, who shall constitute the Board of Pharmacy. The persons so appointed shall hold their offices for five years: *Provided*, That the terms of the office shall be so arranged that the term of one shall expire on the thirtieth day of December of each year, and the vacancies so created, as well as all vacancies otherwise occurring, shall be filled by the Governor, with the advice and consent of the Senate: *And, provided, also*, That the appointments made when the Senate is not in session may be confirmed at its next ensuing session. The Illinois Pharmaceutical Association shall annually report directly to the Governor, recommending the names of at least three persons whom said association shall deem best qualified to fill any vacancies which shall occur in said board.

§ 12. The said board shall, within thirty days after its appointment, meet and organize by electing a president from among their members, and a secretary, who shall not be a member of said board. The board shall also elect a treasurer, who is a member of the board. Said board shall prescribe the duties and compensation of such treasurer, and shall require the said treasurer to give such bond as the said board shall direct. The secretary shall pay over to the treasurer all moneys that shall come into his hands as secretary. It shall be the duty of the board to examine all applications for registration submitted in proper form; to grant certificates of registration to such persons as may be entitled to the same under the provisions of this act; to cause the prosecution of all persons violating its provisions; to report annually to the Governor and to the Illinois Pharmaceutical Association upon the condition of pharmacy in this State, which said report shall also furnish a record of the proceedings of the said board for the year, and also the names of all the pharmacists duly registered under this act. The board shall hold meetings for the examination of applicants for registration and the transaction of such other business as shall pertain to its duties, at least once in six months. *Provided*, That said board shall hold meetings at least once in every year in the city of Chicago and in the city of Springfield, and it shall give thirty days' public notice of the time and place of such meeting; shall have the power to make by-laws for the proper fulfillment of its duties under this act, and shall keep a book of registration, in which shall be entered the names, places of business of all persons registered and holding permits under this act, which book shall also specify such facts as said persons shall claim to justify their registration. Three members of said board shall constitute a quorum.

§ 13. The secretary of the board shall receive a salary which shall be fixed by the board, and which shall not exceed the sum of two thousand dollars (\$2,000) per year; he shall also receive his traveling and other expenses incurred in the performance of his official duties. The members of the board shall receive the sum of \$5 for each day actually engaged in this service and all legitimate and necessary expenses incurred in attending the meetings of said board. Said expenses shall be paid from the fees and penalties received by the board under the provisions of this act, and no part of the salary or other expenses of the board shall be paid out of the State Treasury. All moneys received in excess of said per diem allowance and other expenses above provided for shall be held by the treasurer as a special fund for meeting the expenses of said board, and the cost of an annual report of the proceedings of the Illinois Pharmaceutical Association and the necessary expenses of said association. The board shall make an annual report to the Governor and to the Illinois Pharmaceutical Association of all moneys received and disbursed by them pursuant to this act.

§ 14. No person shall sell at retail any drug, medicine, or poison without affixing to the box, bottle, vessel, or package containing the same a label bearing the name of the article distinctly shown, with the name and place of business of the registered pharmacist from whom the article was obtained: *Provided*, That nothing herein contained shall apply to the dispensing of physicians' prescriptions. Any person failing to comply with the requirements of this section shall be liable to a penalty of five dollars for each and every such offense.

§ 15. Any person who shall wilfully make any false representation to procure registration for himself or any other person shall for each and every offense be liable to a penalty of fifty dollars.

§ 16. No person shall add to or remove from any drug, medicine, chemical, or pharmaceutical preparation, any ingredient or material for the purpose of adulteration or substitution, or which shall deteriorate the quality, commercial value, or medicinal effect, or which shall alter the nature or composition of such drug, medicine, chemical, or pharmaceutical preparation so that it will not correspond to the recognized tests of identity or purity. Any person who shall thus wilfully adulterate or alter, or cause to be adulterated or altered, or shall sell or offer for sale any such adulterated or altered drug, medicine, chemical, or pharmaceutical preparation, or any person who shall substitute, or cause to be substituted, one material for another, with the intention to defraud or deceive the purchaser, shall be guilty of a misdemeanor, and be liable to prosecution under this act. If convicted he shall be liable to all the costs of the action and all the expenses incurred by the Board of Pharmacy in connection therewith, and for the first offense be liable to a fine of not less than fifty dollars nor more than one hundred dollars, and for each subsequent offense a fine of not less than seventy-five nor more than one hundred and fifty dollars. On complaint being entered, the Board of Pharmacy is hereby empowered to employ an analyst or

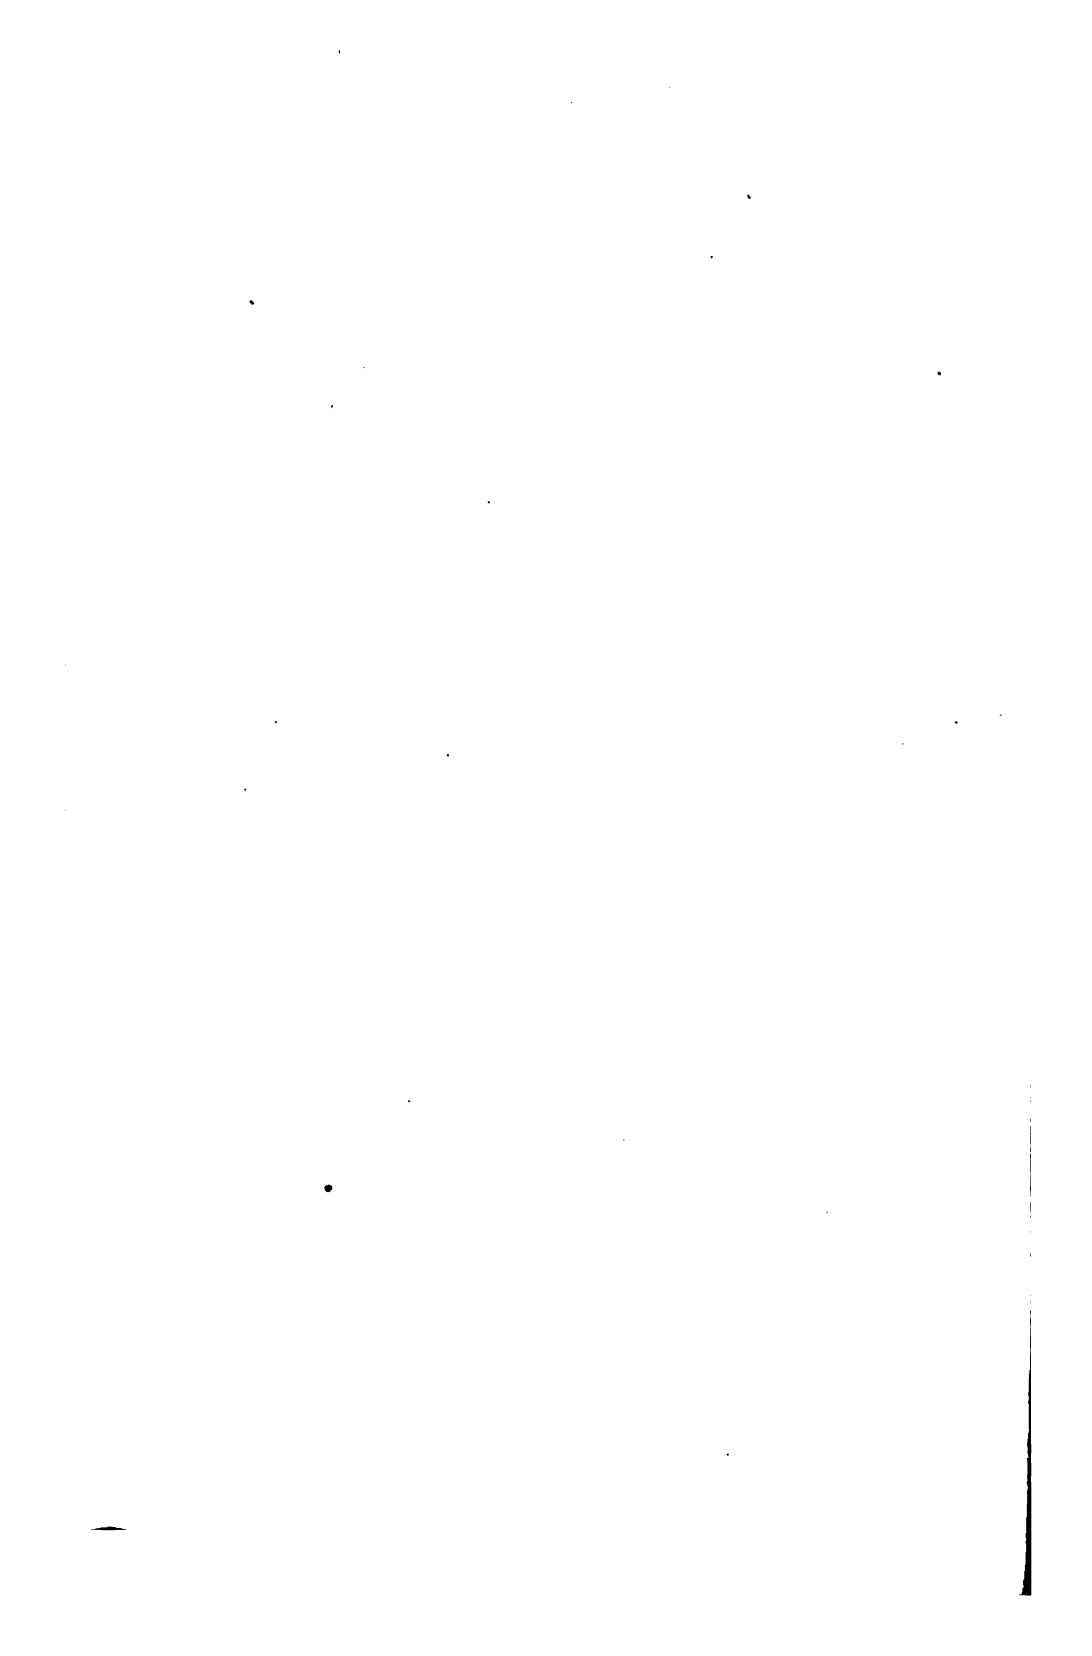

chemist expert, whose duty it shall be to examine into the so-claimed adulteration, substitution, or alteration, and report upon the result of his investigation; and if said report justify such action, the board shall duly cause the prosecution of the offender, as provided in this law.

§ 17. All suits for the recovery of the several penalties prescribed in this act shall be prosecuted in the name of the "People of the State of Illinois," in any court having jurisdiction, and it shall be the duty of the State's Attorney of the county where such offense is committed to prosecute all persons violating the provisions of this act upon proper complaint being made. All penalties collected under the provisions of this act shall inure to the Board of Pharmacy.

In force and effect July 1, 1895.

REPORT

OF THE

# Canal Commissioners

OF THE

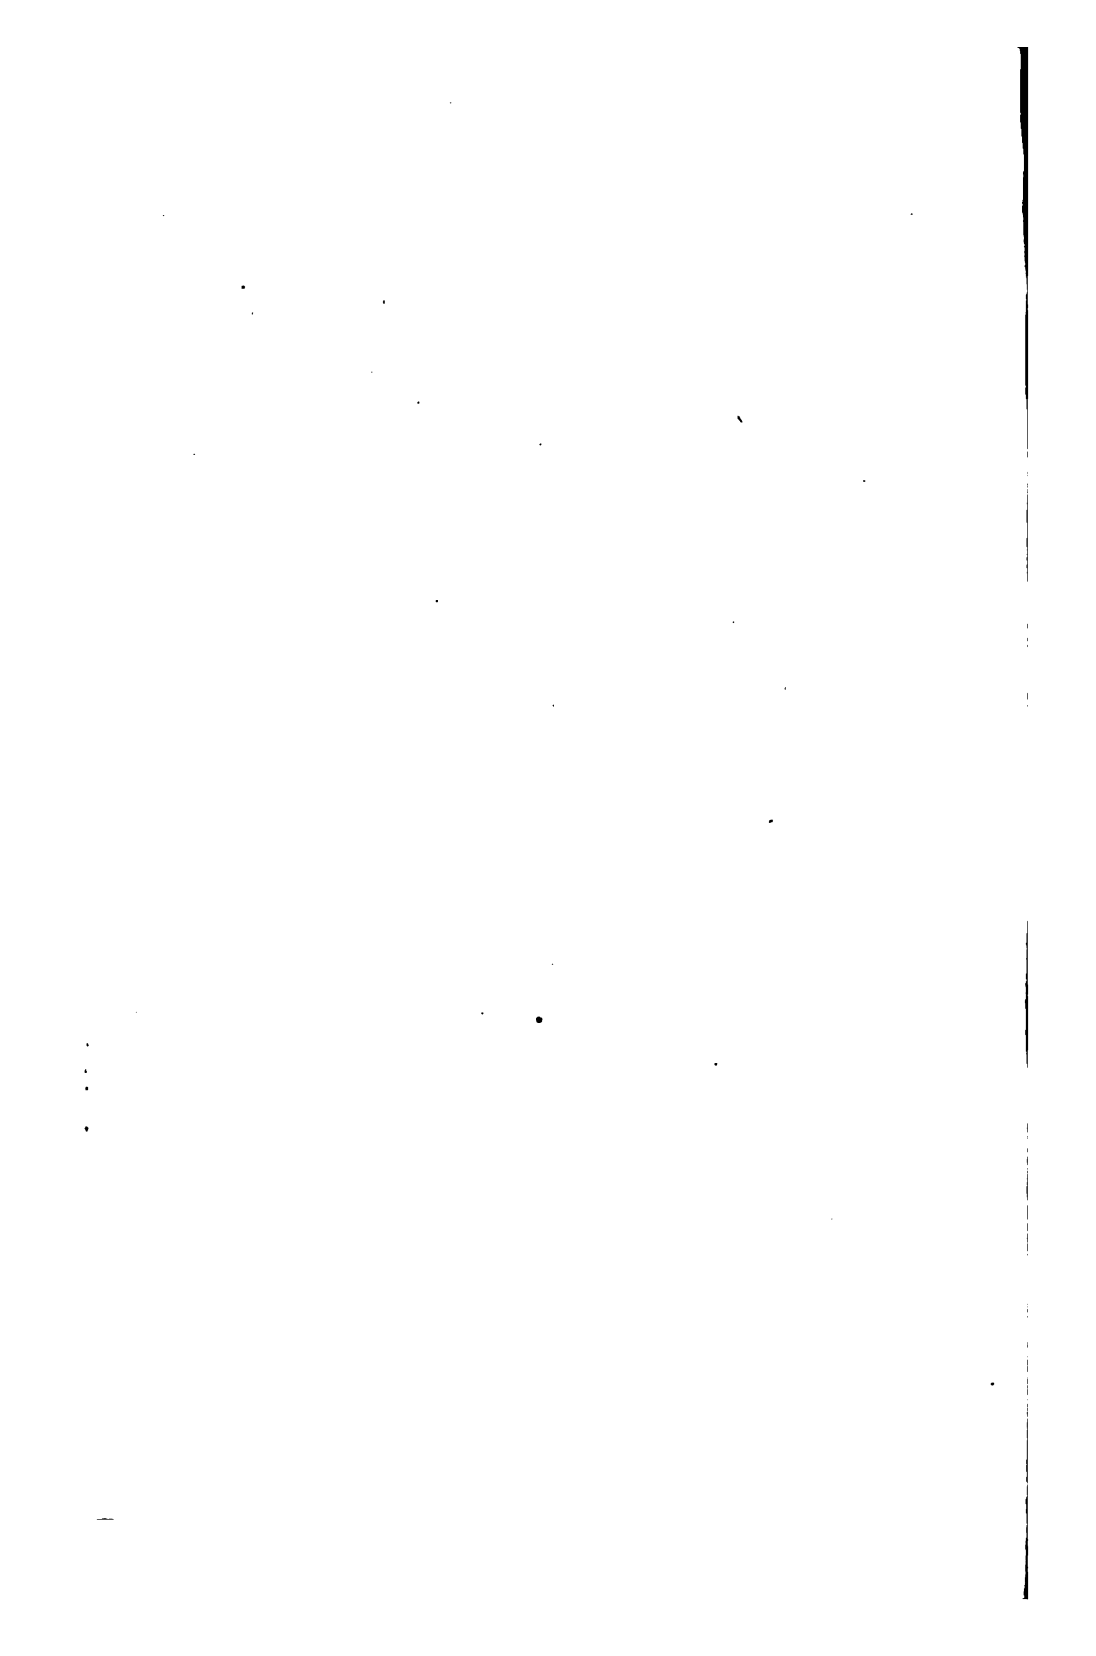

STATE OF ILLINOIS.

---

MADE TO THE GOVERNOR DECEMBER 1, 1897.

---

SPRINGFIELD, ILL.:  
PHILLIPS BROS., STATE PRINTERS.  
1898.

## REPORT OF CANAL COMMISSIONERS.

*To His Excellency, John R. Tanner, Governor of Illinois.*

SIR:—We have the honor to herewith submit our report of the business transacted by this Board for the fiscal year ending November 30, 1897.

Upon assuming charge of the canal we found that much had been left undone by our predecessors, necessary to the proper maintenance of the property. To place the canal in a reasonably safe condition for navigation and perpetuation, and State property in fair condition of repair, has required the expenditure of a large sum. and the work is by no means yet completed.

These, and other expenses of an extraordinary character, including necessary and frequent conferences with legal counsel incident to the construction of the Chicago Drainage Channel and the proper protection of State property along the proposed route thereof, and the East Peoria injunction case, now pending in the Appellate Court of the Third District, have required the outlay of considerable sums of money, which can not be properly charged to "ordinary maintenance and repair." The unusually bad condition in which we found the canal, and the large amount of extraordinary work necessary to be done, has required an unusual amount of personal time and attention on the part not only of the Canal Commissioners, but of the officers of the canal as well.

We found upon assuming charge of the canal a cash balance in the treasury, from the earnings of the canal, of only \$27,292.10, as against \$82,454.51 turned over to our predecessors by the last Republican Board, which, in view of the extraordinary work to be done, necessary to permit the use of the canal during the fiscal year just ended, would require the expenditure of more money than our predecessors had left us. For this reason we asked and received from the last session of the Legislature an appropriation of \$50,000.

Notwithstanding all the demands that have been made upon the finances of the canal, we have no hesitation in stating the property is now in better condition than it has been in many years. The fact there has been evidence of intention on our part to place and maintain the property in good shape has resulted in increased interest on the part of shippers and boatmen, and we have every reason to look forward to an increase in revenue from all sources during the year of 1898. The completion of the Hennepin Canal, which we believe is anticipated in the near future, opening up new territory, rich in the

production of the cereals which form the staple articles for transportation from that section of the country to Chicago and east by way of the canal and Great Lakes, will also, in all probability, greatly augment our revenue in the future.

The almost universal paralysis in the building line, particularly in Chicago, coupled with the great coal strike of the past seven months, which compelled the "laying up" of many boats for lack of sufficient fuel, resulted in the temporary closing of several stone quarries, the products of which ordinarily are shipped by canal and from which the canal derives large sums in tolls, still the revenue of the past year will average well with previous years. This comes from the fact of a large increase in grain shipments from points on the Illinois River. The improved condition of the canal, together with cheaper rates, have induced shippers, even at points several hundred miles distant, to return to this mode of transportation, which had for a number of years been abandoned by them, by reason of the poor facilities furnished and lack of attention to their needs and interests shown by our predecessors. The increase in grain shipments the past year exceeds that of former years by a trifle over one million bushels, barley by nearly seven thousand bushels, oats nearly eleven thousand bushels, rye nearly six thousand bushels, meal an increase of over five million pounds, and in addition to these, two million six hundred seventy-eight thousand three hundred fifty-one pounds of merchandise have been carried.

During July and August there was constant demand for boats for the shipment of grain, which could not be supplied. We hope next season that these demands may be filled; in fact, we have reason to believe that new fleets of boats will be in operation. In this connection we have received many inquiries during the year from shippers and boatmen from points west of Joliet, asking whether or not the canal will be maintained and kept open for navigation. It seems that, owing to the proposed construction of the Chicago Drainage Channel, an impression has become prevalent that the rights of the State in the canal were to be encroached upon, and by reason of this the canal closed up. We may state that this impression is erroneous; many thousand dollars have been expended during the past year in improvement and repairs in our endeavor to place the canal in the best possible shape for traffic. As many shippers and boat owners are anxious to increase their investments in boats for the coming season, the fleets having been operated at a good profit during the past year, and large shipments being anticipated for next, we feel it a matter of duty to all in interest to say, there will be no interruption to traffic, much less the closing of the canal during any navigable season.

We desire to briefly call attention to the case now pending on appeal before the Appellate Court of the Third District of Illinois, of the Commissioners against the village of East Peoria, begun in the Tazewell County Circuit Court, asking an injunction to restrain the village of East Peoria from excavating, erecting and completing a certain drainage canal for the purpose of diverting the waters of

streams known as "Farm Creek" and "Coal Creek" and their tributaries into the Illinois River at a point near said village and opposite the city of Peoria. Our contention being that the effect of the completion and use of such drainage canal, by reason of the large volume of water, debris, sediment, sand, etc., which would flow from the same into the Illinois River, would create a bar in the navigable channel of the Illinois River and would result in a complete obstruction and hindrance to navigation, by reason of the large amount of debris dirt, sand, etc., which would be deposited in the Illinois River by the waters flowing through the proposed artificial channel.

In view of these facts we felt irreparable injury would result to the navigable channel of the Illinois River, to the trade and commerce of the State, and to the use of the Illinois and Michigan Canal in connection with the Illinois River, by reason of the decreased receipts and the consequent stoppage thereon, and also on account of the increased and additional expenses for repairs and dredging necessarily devolving upon this Board, in attempting to maintain the Illinois River in a navigable condition. We further believed this injury would be permanent.

The State has expended large sums in the improvement of the Illinois River and the developments in this case seem to warrant the conclusion that adequate legislation is wanted to properly protect the rights of the State and to invest the Canal Commissioners with power to protect and control the improvements made by the State.

The contention on the part of the authorities of East Peoria is that the Canal Commissioners are without equity in the case, that no right ever invested in them has been infringed, holding also that any power delegated by the Legislature to the Canal Commissioners in regard to the Illinois River is confined strictly to locks and dams and their appurtenances at Copperas Creek and Henry, and the channel of the river one thousand feet above and below the same.

We desire to call attention to a movement seeking the removal of the dams constructed in the Illinois River by the State and general government to create slack water navigation. The theory seems to be that this is necessary because of the proposed construction of the Chicago Sanitary Canal. We do not believe this either necessary or desirable; in fact, the removal of the dams we believe would seriously impair, if not wholly destroy river navigation, and we further believe that people interested in river navigation are generally opposed to the idea. We think, therefore, that part of section 23, chapter 42, of the Sanitary District Drainage Act, providing, "A district constructing a channel to carry water from Lake Michigan, of any amount, authorized by this act, may correct, modify and remove obstructions in the DesPlaines and Illinois Rivers wherever it is necessary, so as to prevent overflow or damage along said rivers, and shall remove the dams at Henry and Copperas Creek in the Illinois River before any water shall be turned into said channel," ought to be repealed. And the joint resolution adopted by the Illinois Senate May 27, 1897, concurred in by the House of Representatives, ought to be rescinded, particularly that portion embraced in section

2, of page 309, Session Laws of Illinois for 1897, which reads as follows: "That locks and dams on the Illinois River at La Grange and Kampsville are detrimental to the sanitary and agricultural welfare of the Illinois Valley and form no part of a proper development in the interest of navigation and ought to be removed whenever the supply of water, required by law, is turned into said river by means of the Sanitary Canal of Chicago; and said district is to remove the dams at Henry and Copperas Creek, and the United States is hereby requested to remove the said dams and to enter upon the improvement of the alluvial portion of the Illinois River by means of a system of channel improvements, so as to fully utilize the flow of water from Lake Michigan." We believe also that section 4 of this joint resolution ought to be rescinded. Section 4 is as follows: "That we demand the immediate removal of all dams constructed by the government across the Illinois River whether the channel of the river is deepened or not; and our senators and representatives in the United States Congress are hereby earnestly requested to use their influence in favor of the removal of such dams at the earliest practical moment."

In support of our recommendations in this particular, we desire to make reference to the reports to the Secretary of War made by Major W. L. Marshall, United States Engineer, in charge of the improvement of the harbors of Chicago and Calumet, and Illinois and Calumet rivers, and we believe no better authority can be found. Covering a period of several years in connection with proposed sanitary measures and deep waterway schemes, Major Marshall has given careful consideration to the subject from all points of view, and unhesitatingly states that not one dollar's worth of damage has been done by reason of overflow on account of said dams at Henry or Copperas Creek, or the government dams at La Grange and Kampsville. He states candidly that so soon as it is made apparent that any damage is done property along the river by overflow, caused by these dams, it will be an easy matter to take them out, and that the government will so order.

In the meantime he states that any attempt to remove these dams will be resisted in the United States courts, and that he stands prepared to protect the interests of the Federal government in the locks at Henry and Copperas Creek, which have been controlled and operated under the jurisdiction of the State. Major Marshall tersely expresses the situation, which has prompted the clamor for the removal of these dams, when he states that "it is merely an effort on the part of land owners to reclaim a lot of submerged property, by having the river dredged out, thereby making deposits upon the banks and building them up at the expense of the government."

In 1890 Major Marshall fully reported the entire case to the Federal government, and from this report we quote the following:

"All of the dams on the Illinois river are drowned out before the overflow stage is reached, and, consequently, have little or no influence in causing flowage of the bottom lands. None of them modify the currents at stages when the deterioration of the rivers is usually a maximum, nor hinder in any

way the scouring out of the pools above them at such stages of the river when the velocities are a maximum and most effective.

"A prejudice exists, however, which has been persistently fanned and cultivated during the past two or three years, against these dams, and the removal of the State dams at Henry and Copperas Creek has been ordered by the State Legislature of Illinois, in any event, after four years from July 1, 1889, and earlier, under certain conditions.

"These dams are necessary for navigation for several months each year, and the unreasonable objections to them, lately developed, could be easily removed at comparatively small expense, by making them movable, to be thrown down when not absolutely necessary.

"All the dams on the Illinois river for facilitating towing and rafting should be of the movable class, undoubtedly, as for eight months in the year they are not necessary, and for half that time not sufficiently submerged to allow loaded boats to pass over them. Movable dams would also settle all disputes as to flowage damages at stages above low water.

"It is to be hoped that the United States Government, having constructed the foundation of the Copperas Creek lock, and expended funds in dredging and deepening the pools formed by the dams, and secured the right of transportation free of tolls for its property and troops over this route, may have sufficient rights and interests involved in the matter to prevent the removal and destruction of these necessary works at Henry and Copperas Creek until some equivalent means of establishing and maintaining navigation over this public highway at low stage are actually substituted."

Since this report was made in 1890, in conformity with the recommendations made therein by Major Marshall, Congress has enacted such laws as will afford an effectual resistance by the Federal government, to the removal of the dams in the Illinois river upon any pretext until some adequate means has been provided to keep the same navigable depth of water which the dams now furnish.

The latest agitation for the removal of these dams springs from a mistaken notion that the Chicago Drainage District is constructing a drainage channel, which is the first step towards the creation of a great national water-way. In this connection we desire to quote further from the report of Major Marshall:

"Up to the present time (1890) the improvement of the Illinois river has proceeded upon a strict national basis of the requirements of navigation, and as late as 1887, no reason for any increase in the dimensions of the channel proposed for its improvement and in the course of execution on the Lower Illinois had been developed. \* \* \* We now find this proposed route, instead of being urged upon a purely national basis, encumbered with conditions that have no relation whatever to any national ends or objects, but purely dependent upon local necessities for sewerage and water-supply as the real governing basis, while a great water-way is urged as a national necessity to secure United States aid."

Discussing the discharge of 300,000 to 600,000 cubic feet of water per minute from Lake Michigan into the Illinois river contemplated by the Chicago Drainage Canal, Major Marshall says:

"Over the unimproved section of the Illinois river, i. e., from Copperas Creek to within a few miles of the mouth of the Illinois, the low-water depths on bars do not exceed from 16 to 18 inches, as reported to this office by pilots and steam-boatmen navigating the river, as well as directly measured by employes of this office in 1887. These bars occupy but a comparatively small proportion of the 137 miles involved, but they establish the present navigable capacity of the stream."

The natural low-water volume of the Illinois is gradually diminishing from various causes, among which may be mentioned the clearing of wooded areas, and almost universal tile drainage and ditching, by means of which the rainfall is rapidly sent into the river during the wet season of the year, instead of being spread over longer periods, or going to sustain springs that would contribute to the low-water flow.

In 1867 the low-water was measured, under General Wilson's direction, below LaSalle, and found to be 633 cubic feet per second. In 1879-'80 it was found below Copperas Creek to be 1,566 cubic feet per second, and in 1887, although the discharge into the Illinois River by the Illinois and Michigan Canal had been materially increased, the low-water volume as far down as LaGrange, below the mouth of the Sangamon, was found to be 1,685 cubic feet per second.

This latter measurement seems to indicate that the natural low-water discharge from surface drainage alone of the Illinois River does not exceed 1,000 cubic feet per second within seventy-nine miles of its mouth, after nearly all its principal tributaries have emptied themselves into its channel, the discharge of the Illinois and Michigan Canal being about 700 cubic feet per second.

In considering, then, the effect of the discharge contemplated by the city of Chicago into the Lower Illinois River, we may assume that the minimum discharge of the Illinois River upon the addition of 300,000 cubic feet per minute will not exceed 6,000 cubic feet per second nor 11,000 cubic feet per second upon an addition of 600,000 cubic feet per minute.

At LaSalle, before the removal of the Henry Dam, 6,000 cubic feet per second will raise the present low-water level about 2.8 feet or maintain a water surface 7.2 above original low-water. At LaGrange it will raise the low-water service about three feet, and at Kampsville (estimated with a mean velocity of 1.4 feet per second) about 2.3 feet.

The larger discharge, 11,000 cubic feet per second, will raise the present low-water surface, under present conditions, about 5.5 feet at LaSalle or 9.9 feet above original low-water; about 5.5 feet at LaGrange, about 4.5 at Kampsville, and about 1.5 feet in the Mississippi at the mouth of the Illinois.

A discharge of 6,000 cubic feet per second would then give a depth over bars on the unimproved river without dredging, of at least 4.5 feet to LaGrange, diminishing to 3.8 feet at Kampsville, and probably exceeding three feet over the lowest bar on the river.

This discharge would not do away with the necessity for locks and dams for an ample channel or for channel works or dredging for a more restricted channel.

The larger discharge would give a depth over bars of at least seven feet to LaGrange, already nearly secured since the opening to navigation of the LaGrange Lock (the dredging in the pools only remaining to be done from LaGrange to LaSalle at a comparatively

insignificant cost), which depth would diminish to about six feet over the bars near Kampsville, and to not exceeding five or five and a half feet over the lowest bars on the Illinois River. Greater depths over bars between Kampsville and LaGrange will be obtained by the completion of the Kampsville Lock and Dam and dredging crests of bars, at an estimated cost of less than \$200,000 for this pool.

The increased discharge on account of the benefits to navigation stated above would be desirable only during the low-water stages, but the discharge is proposed to be constant, whether it be beneficial or harmful.

Upon the completion of the present project for the improvement of the Lower Illinois, now near at hand, any material benefit due to an increased discharge of 300,000 cubic feet per minute in the rivers from Lake Michigan to the mouth of the Illinois will be confined to the short stretch of thirty-one miles from the Kampsville Dam to the Mississippi River. The largest discharge may make a substitution of an open-river navigation throughout the lower river for a slackwater improvement practicable, but the latter system is already on the point of attainment and paid for within 20 per cent of its ultimate cost. Even this large discharge will not do away with the necessity for dredging through the bars to obtain seven feet of low-water from LaGrange Lock to the Mississippi River seventy-nine miles distant."

Major Marshall's report in 1890 simply confirms the statement which the present Board of Canal Commissioners are privileged to make from actual contact and experience with navigation upon the Illinois river in connection with the Illinois and Michigan canal, that the dams in the Illinois river are in no manner an obstruction, causing overflow of lands, at any time, for the reason, that during a period of four to five months in each year, which is usually the limit of the high water stage, these dams are entirely submerged and boats engaged in river traffic pass over them.

With these facts in view, we believe the Legislature should repeal that portion of the acts to which we have made reference, and enact such legislation as will serve to enable the State authorities to cooperate advantageously with the Federal Government, in maintaining slack water navigation in the Illinois river during the low water stages of the year, and to thoroughly protect the vast interests of the State, represented by large expenditures for river improvements during the last twenty years.

In our investigation made in connection with our endeavors to protect the rights of the State in property in charge of the Canal Commissioners, along the proposed route of the Chicago Drainage Canal, we have developed the fact that the State owns large tracts of land, which have for years been lost sight of, no record properly filed, and the use of which has been enjoyed by squatters. In view of these developments we are having careful examination made of all the tracts in the several sections, acquired from the United States under an act entitled, "An act to grant a quantity of land to the State of

Illinois for the purpose of aiding and opening a canal to connect the waters of the Illinois river with those of Lake Michigan," approved March 2, 1827. In this connection we desire to refer to extracts from the laws of Illinois, found in an act entitled, "An act to amend the several acts in relation to the Illinois and Michigan canal," approved February 26, 1839.

"Section 2. In all sales of lots and lands under the provisions of this act the following conditions shall be annexed and shall compose a part of the contract:

"Paragraph 11 of section 2. Lands situated upon streams, which have been meandered by the surveys of public lands by the United States, shall be considered as bounded by the lines of those surveys and not by the streams."

"Section 18. Islands and inundated land situated within the limits of sections of land granted to the State by the United States, shall be deemed occupied and held as canal lands."

We are of the opinion that the State, by virtue of the act of 1827, is interested in the following sections of land, granted for canal purposes, which may, in the course of time, become valuable:

Sections 11 and 13, township 38, range 12; section 5; township 37, range 12, located in Cook county.

Southeast quarter section 11, township 37, range 11; the northwest quarter section 15, township 37, range 11; the northwest quarter section 21, township 37, range 11; the southwest half section 19, township 37, range 11, located in DuPage county.

Sections 28 and 35, township 37, range 10, located in Will county.

Sections 23 and 27, township 36, range 10, located in the village of Lockport, Will county.

Sections 3, 9 and 21, township 35, range 10, located in Joliet, Will county.

Among the forgotten files in the canal office has been found unrecorded deeds to 142 feet of lot 5, block 16, West Joliet, known as the McKee strip, lot 2, block 3, original town of Joliet, and lot 1, block 8, original town of Joliet, an unnumbered lot between blocks 2 and 3. Reade and Joliet streets, in the original town of Joliet. These deeds have now been properly recorded. Evidence of title was also found to the easements, some perpetual and some not, to the lands once occupied and known as the Calumet Feeder and the Ninety Foot Strip on the east side thereof.

There will be found added to the list of lots and lands a number of pieces, the titles of which unquestionably rest with the Canal Commissioners.

In this connection we wish to call attention to lots 1, 2, 3, 4 and 5 of block 1, West Joliet, and also the east half of the south half of block 1, which will be found listed in the schedule of lots and lands found in this report. This property is now occupied by the company operating the Joliet Gas Works and by other business concerns. The property has not, heretofore, been listed as canal property, but we believe there is no question of our control and ownership of the same. In this connection we wish to quote from the report of Daniel C. Jenne, Chief Engineer on canal land sales, which is included in the report of the Canal Commissioners made December 1, 1878

Speaking of this tract Mr. Jenne says, "There appears to be a strip of land in the W. half of the S.E. quarter of section 9, township 35, range 10 (in Joliet), which has never been sold. It was patented to Sylvio Hall (Indian captive) as 80 acres W. half of S.E. quarter, but is a fraction, and the government plat represents 84.40 acres in the fraction, which would leave 4.40 acres on the east side not sold or patented.

Owing to limited time we have not yet been able to complete our examination in LaSalle and Cook counties and determine the interests of the State in lots and lands, which may be located there, but we hope to have this work completed in the near future.

In the investigations which we have instituted to ascertain location of property, title of which is vested in the State of Illinois for canal purposes by virtue of the act of 1827, mentioned above, we find, owing to laxity in this particular for many years past, general misapprehension has arisen as to the exact boundary lines of State property, and in many instances lands have been appropriated by private parties, who have sought the sale and transfer thereof, and we further find that the Chicago Sanitary District, in the prosecution of the drainage channel now under construction, has entered upon and appropriated to its own use considerable property which is vested in the State, and for which no compensation has been paid or offered. In this connection we wish to present briefly a few facts as to the condition in which this property is now found and the amount of property which we believe the State has undisputed title to.

We find the drainage channel crosses what is known as the "Ogden Strip" about thirty rods north of the east center line of section 12, in township 36, range 12. This "Ogden Strip" was purchased by the Canal Commissioners on the 28th day of October, 1878, from the executors and trustees under the last will and testament of W. B. Ogden. Deed showing title to this property is now on file in the canal office at Lockport, and shows that the property was purchased for the benefit of the Illinois and Michigan Canal and paid for with canal funds. The parties of the first part reserve the right, at all times, to themselves and their representatives, and to the public, to pass and repass on, over and alongside said strip of land, without let or hindrance, as freely in all respects as if the same were a public highway. The Chicago Sanitary District has entered upon and appropriated this property without entering into lease therefor, without offering or paying any compensation for the purchase thereof, and presumably without the knowledge of our predecessors, and by entering upon and appropriating this property, in the manner it has, the Chicago Sanitary District has destroyed said property for the use and purpose for which the same was purchased and contrary to the terms of the deed on file held by the Canal Commissioners

In section 11-30-12, the vacated river bed is about 800 feet northwest of, and not occupied by the main channel. In section 15 38-12, the river bed is not diverted. In sections 27 and 33-38-12, the main channel and debris arising from the excavations thereof occupy the

vacated bed of the river. In section 5-37-12, the channel crosses the vacated bed of the river in two places. Most of the vacated bed of the Desplaines river in this section is between the channel and canal, and this has probably been filled in with debris. In section 1-37-11, the river bed has not been diverted. In sections 11, 15, 19 and 21, township 37, range 11, a small portion of the vacated river bed in each of these sections has been entered upon and appropriated for the construction of the drainage canal, while the balance of the vacated bed has been made the dumping ground for the debris arising from the excavations. Section 25-37-10 of the vacated bed is occupied by the channel and debris. In sections 3 and 15-36-10, the river bed has not been diverted, except a small portion in section 15, by reason of the construction of the railroad bank.

Private property has been condemned through sections 27-36-10 and 3-35-10. Private property has been condemned and purchased through section 22, adjoining section 23-36-10, but as work in these sections has not progressed, no State property has yet been entered upon.

We maintain our position relative to State title in these lands by virtue of that section of the law, which we quote in full elsewhere in this report, which gives undisputed possession in the State to all lands between the meander lines as made in the original United States government survey.

We herewith append a schedule showing the amount of unsold lands between the meander lines of the following canal sections, as we take them from the United States government survey, and which are in addition to the property heretofore scheduled as belonging to the State and held by the Canal Commissioners:

Sections.		County.	Acres.

*Recapitulation.*

County.	Acres.
Cook.....	224.21
DuPage.....	297.47
Will.....	1,350.11
<b>Total No. of acres.....</b>	<b>1,871.79</b>

When we assumed charge of the canal we found Edward O. McConnell, a collector of tolls at Bridgeport under our predecessors, short in his account in the sum of nearly one thousand dollars. The evidence of embezzlement was laid before the grand jury of Cook county and an indictment returned. The case is now in the hands of the State's Attorney of Cook county for action.

There is much evidence of growing interest in all parts of the country in waterways and transportation by this method. An instance may be cited in the fact that the State of New York has recently appropriated nine millions of dollars for the improvement and enlargement of the Erie canal. The federal government has also made appropriations of nearly a half million dollars for the completion of the Hennepin canal, the possible early completion of which is mentioned above, and the Deep Waterway Commission acting for the general government has at the present time in their employ a large corps of competent engineers, who are engaged in surveying a route for a ship canal from the seaboard to the Great Lakes, which shall lie entire'y within United States territory and be exclusively under United States governmental control.

In conclusion we desire to state that the tolls received on the canal during the past year amounted to \$39,641.11, while the expenditure for "maintenance and repair" is \$31,047.84, which we deem a creditable showing, in view of the business depression everywhere apparent during that period. We start the new year with a cash balance in the treasury of \$54,630.62, as will be seen from the report of the Treasurer.

We herewith submit the usual tabular exhibits of receipts and expenditures, together with the report of the General Superintendent of the canal.

Respectfully submitted,

C. E. SNIVELY,  
HOWARD O. HILTON,  
F. M. RYON,

LOCKPORT, ILL., Dec. 1, 1897.

*Commissioners.*

## STATEMENT

*Showing Amount of Receipts and Disbursements on Account of the Illinois and Michigan Canal, and Locks in the Illinois River at Henry and Copperas Creek, from December 1, 1896 to November 30, 1897, inclusive.*

Balance on hand December 1, 1896 (per Commissioner's report).....		\$27,313 39
<b>RECEIPTS.</b>

NOTE.—The figures in the above table, from 1848 to May 1, 1871, are given by the Trustees of the Illinois and Michigan Canal.

‡ In this amount is \$15,400 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$38,125.

\* In this amount is \$15,399 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to maintenance and repairs, \$33,740.

† In this amount is \$14,523 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$51,718.

‡ In this amount is \$21,757 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$42,140.

\*\* In this amount is \$12,825 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$42,140.

\*\*\* In this amount is \$12,954 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$30,872.

a In this amount is \$14,592 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$29,484.

b In this amount is \$15,273 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$32,331.

c In this amount is \$18,299 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$35,298.

d In this amount is \$18,937 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$38,372.

e In this amount is \$21,241 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$35,274.

f In this amount is \$22,413 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$33,318.

g In this amount is \$16,157 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$31,502.

h In this amount is \$15,272 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$29,629.

i In this amount is \$13,905 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$20,704.

j In this amount is \$13,136 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$30,469.

k In this amount is \$13,248 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$29,659.

l In this amount is \$13,069 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$27,169.

m In this amount is \$16,384 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$27,117.

n In this amount is \$13,240 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$30,236.

o In this amount is \$13,303 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$25,760.

p In this amount is \$13,573 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$23,412.

q In this amount is \$13,557 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$20,203.

r In this amount is \$13,642 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$17,899.

s In this amount is \$14,967 paid collectors, locktenders and incidentals, which would leave the amount properly chargeable to ordinary repairs, \$16,537.

*Rates of Tolls and Lockage Established upon the Illinois and Michigan Canal and the Locks at Henry and Copperas Creek, in the Illinois River.*

By resolution of the Board of Canal Commissioners, passed April 8, 1897, to take effect upon opening of navigation.

On freight boats, per mile on the canal, 3 cents.

Lockage at Henry and Copperas Creek on all boats of 150 tons and under shall be \$1.50, and this charge shall be made at each lock.

On boats of more than 150 tons measurement lockage shall be charged at the rate of one cent per ton measurement, and this charge shall be made at each lock: *Provided*, that on boats passing through the locks in fleets of two or more, engaged in regular traffic, requiring only a single lockage, the lockage charge, by ton measurement or otherwise, may be divided between said boats at each lock.

The lockage on cabin boats, in tow of steamers or canal boats, shall be 25 cents each; fuel boats, in tow of steamers, 50 cents; row boats, in tow of steamers or canal boats, 10 cents each.

No lockage on boats shall be made for less than \$1.50. Cargoes must be charged for, as hereinafter indicated, in addition to lockage charge on boats.

Toll is to be computed upon the weight (1,000 pounds per mile) of all articles contained in the following list, unless otherwise stated.

Lockage at Henry and Copperas Creek to be computed upon the weight (per 1,000 pounds) unless otherwise stated.

" 1,000 lath.....	2	2.4	2.6	2.8	3	3.4	3.6	3.8	4	4.4	4.6	3.2
" 1,000 shingles.....	1	1.2	1.3	1.4	1.5	1.7	1.8	1.9	2	2.2	2.3	1.6

"Through Freight" is that which is cleared from Copperas Creek or Henry to Chicago; or from Chicago to Henry or Copperas Creek.

"Local Freight" includes all other freight.

† Provided that on wood transported over twenty-five miles the toll shall not exceed 25 cents per cord. All timber on boats shall be taken board measure.

\* Provided that on stone transported over twenty-five miles the tolls shall not exceed 12<sup>1</sup>/<sub>2</sub> cents per cubic yard on macadam and rubble; and 20 cents per cubic yard on dimension and dressed or sawed stone.

† Provided that on lumber, cleared to the same point, 100,000 feet shall be considered a full canal boat load—all over that free of toll. Flooring, siding, lath and shingles to be figured on the same basis.

Provided that on clearances from Chicago to Copperas Creek, or from Copperas Creek to Chicago, the lockage on boat and cargo, shall be one-half the above rates at each lock, provided the cargo is not transferred before reaching destination as cleared.

Provided that boats passing both locks in the Illinois river, shall be charged one-half the above rates of lockage at each lock, on cargo, but shall pay the straight lockage charge on boats at each lock.

Boats entering the canal at LaSalle, and passing out again without proceeding as far as Ottawa, shall be charged \$1.00 each, if the toll on boat and cargo at above rates should not amount to \$1.00.

The weight of a box, crate, vessel or thing in which any article may be contained, shall be added to the weight of the article itself and toll computed accordingly.

Duplicate bills of lading required in all cases, one to be deposited with the collector to whom toll or lockage is paid.

N. B.—The attention of all masters and shippers is hereby directed to the following sections of the rules, by-laws and regulations of the Illinois and Michigan Canal, to-wit: Sections 55 to 63 inclusive, and the rules established for the lockage of boats at Henry and Copperas Creek.

C. E. SNIVELY, President, Canton, Ill.

F. M. RYON, Treasurer, Streator, Ill.

LEON McDONALD, Gen. Supt., Lockport, Ill.

HOWARD O. HILTON, Secretary, Rockford, Ill.

W. L. SACKETT, Chief Clerk and Paymaster, Lockport, Ill.

General offices, Lockport, Ill.

## "W."

## SIZE OF CANAL LOCKS.

Locks on the Illinois and Michigan Canal admit boats of 105 feet gang, 17½ feet beam.

Draft of boats permitted on canal 4 feet, 8 inches.

Bridges are 12 feet above the water surface.

Locks on the Illinois river at Henry and Copperas Creek are 350 feet long, 75 feet wide.

## REPORT OF THE GENERAL SUPERINTENDENT.

SUPERINTENDENT'S OFFICE—ILLINOIS AND MICHIGAN CANAL.

LOCKPORT, ILL., December 1, 1897.

*To the Honorable Board of Canal Commissioners, Lockport, Illinois:*

GENTLEMEN:—In compliance with your directions I herewith submit the following report relative to the maintenance and repairs of the Illinois and Michigan Canal and the locks and dams, at Henry and Copperas Creek, in the Illinois River, for the fiscal year ending November 30, 1897.

I entered upon the discharge of the duties of this office February 16, 1897. My first endeavor was to familiarize myself as thoroughly as might be with the condition and needs of the work placed in my charge. I found that there was a great deal of work of a most urgent nature to be done, a part of which had been reported by my predecessor as necessary, but toward the accomplishment of which no steps had been taken, and a part for which the necessity had but recently arisen. On March 8th I submitted to you a report indicating the greater part of the work to which I have reference, together with an estimate of the cost of the same. A comparison of this cost, added to the average cost for maintenance and repairs, demonstrated beyond doubt that the balance turned over to you by your predecessors, (\$27,313.39) together with what receipts from all sources might be reasonably anticipated would be far from adequate for the needs of the canal during the current and the coming year. To meet this emergency an appropriation was asked for and received from the Legislature, \$50,000 of which was available for the purpose of restoring the canal and its appurtenances to a normal condition of safety and usefulness.

So far as time and machinery and appliances at my command have permitted, this work has been accomplished, but, as you are aware, there is still much to be done. A partial recapitulation of the work accomplished will undoubtedly be of interest.

The following buildings and structures have been painted with two coats of the best lead and oil—a treatment of which they stood very much in need, some of them being almost as innocent of any protection of this nature as they were the day they were erected. Twenty-six residence buildings and shops, twenty-five bridges, two aqueduct bridges, seventy-six lock gates, balance beams and other lock appurtenances and a number of smaller buildings owned by the canal and used for various purposes.

A great deal of work was also done on these buildings in the way of re-shingling, inside papering and painting, and repairs to doors, windows, locks, shutters, siding, cellars, drains, fences, sidewalks, outhouses and the like.

One of the spans of the west river bridge at Channahon has been rebuilt, as also three spans of the tow-path bridge at the Ottawa aqueduct. A majority of the bridges have required repairs and replanking.

Five new lock gates have been built with which gates that were worn out have been replaced.

The Wallbridge and Kickapoo culverts, which were in an extremely decayed and dangerous condition, have both been relined throughout in a thoroughly substantial and lasting manner. The material used was the best vitrified brick, laid in Portland cement, and compactly grouted with concrete made of sand, gravel and Utica cement. I have no hesitation in saying that I believe these structures to be now nearly, if not quite, as substantial as the original ones, constructed over fifty years ago.

After a thorough inspection of the dam in the Fox River at Dayton, it was decided that that structure, if properly repaired, might be made to last for several years to come without, at the present time, incurring the expense of

its entire rebuilding. These repairs have been made, the dam entirely replanked, both above and below, and several thousand yards of filling disposed above the dam where it would be of the most use in strengthening and preserving the same.

A number of waste gates which were on the point of giving way have been rebuilt.

During the time of high water, in the spring of the year, Dam No. 1, at Jackson street, in Joliet, which had been but roughly repaired subsequent to a previous break, was partially washed out. Owing to the fact that the plans of the Chicago Drainage District contemplate the entire removal of this dam at an early date it was thought best to expend no more money at this point than was absolutely necessary for the maintenance of navigation. In view of this fact stone was brought from the spoilbank of the canal between Lockport and Romeo and the break in the dam ultimately filled in by its use, in which condition it has been allowed to remain pending the prosecution of the plans of the Drainage District.

During the month of September a portion of the docking alongside of the Danville elevator, in Chicago, which is the property of the canal, began to give way, threatening serious trouble. A number of feet of new docking was put in at this point and the whole strengthened by anchor piling driven close to the building.

The dredge and derrick have been in commission the whole season and I desire to recommend especially to your notice the large amount of work which has been performed by them. I believe the limit of the capacity of these machines was attained. On the level above Lock No. 1, the main channel was dredged from the lock to the opening in the hydraulic basin. Over 1,200 feet of dockage was thoroughly cleaned out on the east bank, and the sediment and debris removed from every foot of the hydraulic basin. Below Lock No. 4, the channel was dredged from the lock nearly to the basin at the works of the Illinois Steel Co. On the Channahon Level the channel was dredged from Brandon's bridge nearly half a mile in both directions, making good water for navigation where, for a number of years, boatmen have been complaining of the delay occasioned by reason of the insufficient depth of water. Just east of Utica a large bar was removed by the dredge and the channel widened, riprap being afterward laid across the mouth of the slough which has been the annual cause of the trouble at this point for a long time. The "settling basin" formed by the riprap will probably obviate all difficulty from this source for years to come. About a month was spent by the dredge in deepening and removing obstructions from "Steamboat Channel," below Lock No. 15, opposite the cities of LaSalle and Peru, the same having become impassable for loaded boats at a low stage of water in the Illinois River. The locks at Henry and Copperas Creek and their approaches for a thousand feet above and below, in the Illinois River, were also cleaned out and dredged. Making in all an unusually large season's work.

Considerable labor has been expended upon the dikes at Copperas Creek upon both sides of the river, both of these structures having been materially injured by high water in the spring of the year. This work involved the boating of two barge loads of stone from the canal spoilbank, near Lockport, for the Spring Lake dike, and the scraping and carting of a large amount of soil, the felling and trimming of many trees and removal of undergrowth, for the dike on the opposite shore.

The fire which occurred at Copperas Creek in the previous year, destroying several thousands of dollars worth of the State property, demonstrated the need and utility of something in the way of fire protection, a matter which in past years has received but scant attention. In pursuance of this idea, a windmill, with tower and ample tank, has been erected at Copperas Creek, by means of which water can, in a few moments after an alarm has been given, be thrown upon and over any of the buildings on the premises. The other buildings along the line of the canal, have each been furnished with 3 gallon hand extinguishers of approved type, in order that, so far as possible, at a reasonable cost, the danger of loss by fire may be reduced to a minimum.

Aside from the break at Dam No. 1, there has been but one accident of moment during the past year. This occurred near Lock No. 13, between Utica and LaSalle, in the early part of the month of July. At that time a storm of such magnitude as to be closely akin to a cloudburst occurred in this vicinity and the water came down from the adjoining bluff into the canal in such volume that none of the means supplied for getting rid of it were ample and it was soon running over the canal banks. Particularly was this true where the canal is crossed by Pecumsaugin Creek, a short distance east of the lock. So swollen was this ordinarily insignificant stream that large quantities of all kinds of detritus, including the trunks of trees, some of them nearly two feet in diameter, were brought down its channel and lodged in the canal. In a number of places the banks were cut nearly, but fortunately, not entirely through, while the bed of the canal was filled for several hundred feet even with its banks with sand, gravel, earth, stumps, logs and the like. This occurrence was the only source of delay to navigation during the season, and through the most strenuous exertions the stoppage from this cause lasted but three days, though much longer time was required to repair all the damage done.

There were two other small breaks during the season—one a short distance west of Morris, and the other a short distance east of Marseilles—neither of which, however, were of a serious nature. A few hours' labor in each instance was all that was required to repair the damage.

In addition to the work performed which I have recounted, there was, of course, the usual amount expended upon what is termed "ordinary maintenance and repairs."

There has been considerable complaint during the season about the low stage of water between Lockport and Bridgeport. This has been owing to the fact that it has been necessary to make a good many repairs to the machinery at the pumping works and at such times it was impossible to operate the pumps to their full capacity. It is difficult to see how this could have been avoided. I am now assured, however, by the engineer in charge that the plant has been put in good condition throughout and that no more trouble from this source need be expected for a good while to come.

Before closing this part of my report I would like to call attention to the condition of the real property which belongs to the canal. I find that in many places property owned by the canal has been "squatted upon" by private individuals and corporations and it is now being occupied and used by them without the slightest color of right beyond that which has grown up in their own minds from the fact of undisturbed possession for a greater or less period of time. More especially is this true of the "90-foot strip" which is owned by the canal on either side of its channel. Houses and barns have been built thereon and many acres fenced in by adjoining property owners in the rural districts and placed under cultivation or used for pasturage. In a number of other instances efforts have been made and are being made by individuals to take possession of property to which the canal acquired title either by means of the Federal grant or condemnation proceedings, incited thereto, I presume, by the fact that for a number of years there has been no reason for the active assertion of that title on the part of the State. During the past year a number of these "squatters" at Bridgeport, Willow Springs, Sag, Lemont and LaSalle have been forced to acknowledge the rights of the State and enter into leases for the ground they occupy. But there is still much work of this character to be done and I would recommend that it be pushed with as much vigor as circumstances will allow. There is much valuable property involved and the more there is of delay the more difficult the work of reclamation.

#### REPAIRS AND MAINTENANCE FOR THE YEAR ENDING NOVEMBER 30, 1897.

The ordinary repairs for the incoming year may reasonably be expected to amount to about the same as for the year just closed, for the details of which and all other expenditures I would respectfully refer to the report which pre-

cedes this, but, in addition to this, there is other work to be done, an approximate estimate of the cost of which would, in my judgment, be as follows:

Rebuilding of Nettle creek aqueduct at Morris.....	\$2,000 00
Rebuilding of waste gates at Lockport.....	1,344 28
Rebuilding of west dam at Channahon.....	6,350 64
Rebuilding of Dredge No. 1.....	1,900 00
Rebuilding of derrick for Dredge No. 1.....	
Renewal of lock gates (4).....	1,000 00
Renewal of bridges.....	2,100 00
Dredging of Spring Lake Canal.....	2,000 00
Dredging at other points.....	8,000 00
Rebuilding of dock at State yard, Lockport.....	300 00
Rebuilding of culvert at Marselles.....	3,574 29
Repairing of lock walls.....	4,000 00
Repair boat.....	1,200 00

The lock at Bridgeport is in a very unsafe condition and should be either thoroughly repaired or rebuilt this winter. This is an expense, however, which, under the terms of the joint resolution of the Legislature of 1881, should be borne by the city of Chicago. I have discussed the matter with the city engineer of that city and he has promised that the matter shall be attended to.

There is other work of considerable magnitude which is quite urgent, but which it would be impossible, with the means at hand, to undertake and accomplish during the coming year. I have indicated only such work as I think can be handled and which seems to require the most immediate attention.

In closing, permit me to add that every indication points to a decided increase in traffic on the canal for the coming season and a consequent increase in the revenues. The interest which has been shown on the part of your administration is thoroughly rehabilitating the canal, and, in the greatest possible degree, accommodating those who are interested in this mode of transportation, has resulted in a corresponding increase of interest on their part which can not fail to be of ultimate material benefit to the institution as a whole.

All of which is respectfully submitted,

LEON McDONALD,  
*General Superintendent.*

“Z”

#### TREASURER'S REPORT.

LOCKPORT, ILL., Feb. 15, 1897.

*To the Honorable Board of Canal Commissioners of the State of Illinois:*

GENTLEMEN.—I have the honor to submit to you, as required by the statutes of Illinois, the following report showing the several amounts of moneys paid to me as treasurer of the Board of Canal Commissioners, and for interest on

daily balances of canal funds for period commencing December 1, 1896, and ending February 15, 1897, viz.:

	To balance on hand Dec. 1, 1896.....		\$27,813 39
1897.			
Feb.	15 Received from sundry tolls, rents, etc., as per detailed statement of Commissioners.....	\$6,754 41	
"	15 To received from Peru State Bank, Peru, Ill., $\frac{3}{4}$ of 2 $\frac{1}{2}$ per cent. interest on average daily balance from Dec. 1, 1896, to February 15, 1897.....	1 94	
"	15 To received from LaSalle State Bank, LaSalle, Ill., $\frac{3}{4}$ of 2 $\frac{1}{2}$ per cent. interest on average daily balance from Dec. 1, 1896, to Feb. 15, 1897.....	67 82	
"	15 To received from Globe Savings Bank, Chicago $\frac{3}{4}$ of 2 $\frac{1}{2}$ per cent. interest on average daily balance from Dec. 1, 1896, to Feb. 15, 1897.....	43 41	
			6,867 61
"	15 Deduct sundry disbursements, per detailed statement of Commissioners.....		\$34,181 00
			6,888 90
	*Total balance on hand Feb. 15, 1897.....		\$27,292 10

\* NOTE.—Above balance was turned over to my successor in office, F. M. Ryon, and receipt taken therefor.

Respectfully submitted,

JOHN M. WELCH,

Treasurer Board Canal Commissioners.

### TREASURER'S REPORT.

LOCKPORT, Ill., Dec. 1, 1897.

To the Honorable Board of Canal Commissioners of the State of Illinois:

GENTLEMEN:—I have the honor to submit to you, as required by the statutes of Illinois, the following annual report showing the several amounts of moneys paid to me as treasurer of the Board of Canal Commissioners from February 16, 1897, to November 30, 1897, inclusive, viz.:

Feb.	16 Received from John M. Welch former treasurer.....	\$27,292 10
June	19 Received from Henry L. Hertz, State Treasurer.....	30,000 00
July	19 Received from Henry L. Hertz, State Treasurer.....	20,000 00
Nov.	30 Received from Union National Bank, Streator, Ill., $\frac{3}{4}$ of 2 per cent. interest on average daily balance of \$13,350, from Feb. 16, 1897, to June 30, 1897.....	77 81
Nov.	30 Received from Streator National Bank, Streator, Ill., $\frac{3}{4}$ of 2 per cent. interest on average daily balance of \$10,000, from March 1, 1897, to June 30, 1897.....	50 00
	Received from sundry tolls, rents, etc., as per detailed statement of Commissioners.....	44,496 90
	Total receipts.....	\$121,916 81
	Deducting sundry disbursements, as per detailed statement of Commissioners.....	67,286 19
	Balance on hand Dec. 1, 1897.....	\$54,630 62

The above balance is deposited in banks as follows, viz.:

Union National Bank, Streator, Ill.....	\$34,630 62
Streator National Bank, Streator, Ill.....	20,000 00

Respectfully submitted,

F. M. RYON, Treasurer.

FIFTH ANNUAL REPORT

OF THE

# FACTORY INSPECTORS OF ILLINOIS

FOR THE YEAR ENDING

DECEMBER 15, 1897.

SPRINGFIELD, ILL.:  
PHILLIPS BROS., STATE PRINTERS.  
1898.

## ERRATUM.

Page 3. "Our motto of inspection" should read "Our method of inspection."  
The statistical table of "Industries in Waukegan" has been omitted.

LETTER OF TRANSMITTAL.

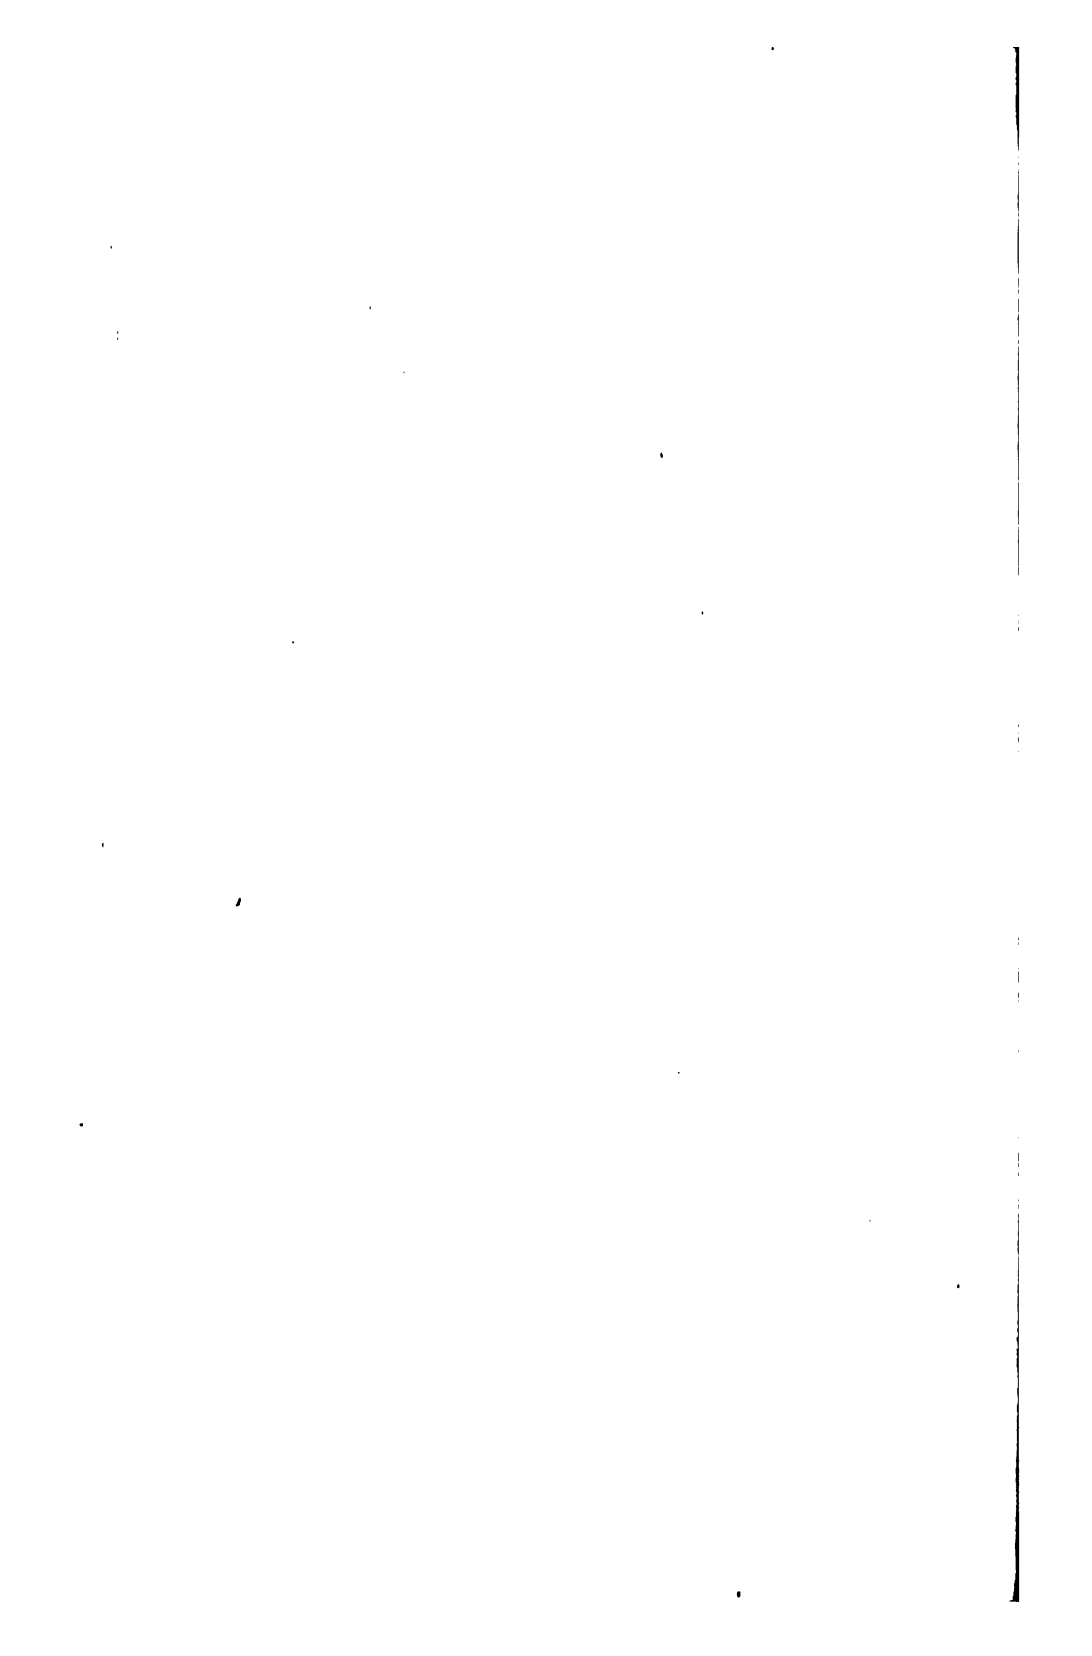

STATE OF ILLINOIS,  
OFFICE OF INSPECTOR OF FACTORIES AND WORKSHOPS,  
NEW ERA BUILDING, December 15, 1897.

*To His Excellency, HON. JOHN R. TANNER, Governor of the State of Illinois:*

DEAR SIR: I have the honor to submit herewith the fifth annual report of the Inspectors of Factories and Workshops for the year ending December 15, 1897.

Very respectfully yours,

LOUIS ARRINGTON,  
*Inspector of Factories and Workshops*

## REPORT OF INSPECTORS OF FACTORIES AND WORKSHOPS.

---

*To His Excellency, Hon. John R. Tanner, Governor of the State of Illinois:*

In accordance with section 9 of the act creating the Factory and Workshop Inspector's Office, I have the honor to lay before you, on behalf of this department, the fifth annual report of work done, with such recommendations of additional legislation as my experience in enforcing the law has shown to be urgently required.

Before proceeding further, however, I deem it but just that an apology should be made for the briefness of the text matter contained in this report. Since I have taken charge of this office the new law went into effect; the law has been so enlarged that the child-labor law now takes in almost every trade and occupation. Under the old law the inspectors had under their jurisdiction only children employed in factories, workshops and sweat-shops to look after.

The Fortieth General Assembly so amended laws that it takes in offices, laundries, mercantile institutions and stores; and also amended the law of the hours of employment of children under sixteen years of age and passed an act for blowers for friction wheels; also for fire escapes for buildings of two or more stories in height.

The time and opportunity have not been afforded to take up the different subjects of interest which have been so conspicuous in former reports.

Since the department has been placed in my charge, I have earnestly endeavored to conduct the affairs and work pertaining to this department on a systematic and economical plan, with the kind and hearty cooperation of those under my supervision. As for the assistants of this department they are men and women of a high moral sense of duty and so enforce the laws of the State, so as to do justice to the employer and employé alike.

Manufacturers and those who employ a number of children are being educated to appreciate the child-labor law and we find that the large employers of children live up more strictly to the law than do those who employ a small number, and in most cases we find that the violations are not intentional, but negligence on the part of those who have charge of hiring the help.

Outside of Cook county I find it more difficult to enforce the provisions of the law. Without intending to criticise the former admin-

istrations of my predecessor in office, I fail to find on record in this office any convictions for violations of the child-labor law in the sixty-two cities and towns outside of Cook county, which had been visited by former inspectors; but since the appointment of the present inspectors, May 13, 1897, this report will show that there have been 112 convictions outside of Cook county. Such large manufacturing cities as Rockford, Peoria, Freeport, Aurora, Springfield, Elgin, Joliet, Galena and a number of less important manufacturing towns, in which are employed large numbers of children, have openly defied the laws, and when deputies made inspections they found a number of violations and in many cases children were employed without inquiry as to their age. The reports first received from the inspectors were that the manufacturers had not even tried to live up to the law; they said, "We have been inspected and they have tried to prosecute us and have failed, and we have no time to pay any attention to it." But the deputies had their instructions to prosecute every person who persisted in violating the child-labor law without fear or favor, and they have done their duty to the letter, as this report will show. It will be seen from this report that there has been 203 convictions since September 1, 1897, against 332 for the other nine months of the year. This is evidence that the law is being enforced strictly by the present administration. Manufacturers and employers of women and children begin to realize the necessity and benefit of the child-labor law, and we frequently find it unnecessary to invoke the aid of said law to assure compliance with the same.

Inspectors have been courteously treated while performing his or her duty, many times receiving thanks for suggestions and interpretations of the law. The spirit of feeling between employer and inspector is certainly very commendable and conclusive evidence that the good work of the department is being more and better appreciated. In this manner we find it much easier to enforce the provisions of the law.

Manufacturers are learning that we are here—not to persecute any one, but to enforce a law which the civilized countries of the world have declared but just and humane and for the benefit of the upgrowing generation; that the child's place is not in the factory, but in school until a certain age, that he or she may appreciate the responsibility of the vocation that they may choose for the rest of their natural life.

The following statistical table will show the result of inspections in 1897:

Total number of places inspected in Cook county.....	8,568
Total number of cities and towns inspected.....	133
Total number of places inspected throughout the State.....	11,795
Total number of places inspected outside of Cook county.....	2,706
Total number of men employed.....	205,945
Total number of women employed.....	52,647
Total number of boys under 16 years of age.....	4,306
Total number of girls under 16 years employed.....	4,263
Total number of children under 16 years of age employed.....	9,289
Total number of employes.....	276,271
Total number of defendants.....	346
Total amount of fines and costs.....	\$3,572 25
Total number of convictions.....	525

Convictions were obtained under the following charges:

Employing children under 14 years of age.....	21
Employing children under 16 years of age without affidavit.....	451
Employing outside help in living rooms of a tenement house.....	56
Failure to produce list of home finishers in employ of contractor.....	1
Failure to provide fans and hoppers for friction wheels.....	4

The above figures do not indicate the total number of inspections made, as a large number of places have been inspected from two to twelve times each and the number of inspections are therefore considerably larger than the number of places. Many establishments—such as large department stores, laundries and offices that came under the new law since July 1, 1897—these we gave all reasonable time and made from three to five inspections each, so as to give them a fair chance to comply with the law, and if they perpetually violate the law we have prosecuted, as the records will show. Therefore a great amount of time has been taken up by the deputies in enforcing the new law.

Our motto of inspection is as follows: The inspector will enter the establishment, will inquire of some one near by for the proprietor, superintendent, manager or foreman in a courteous manner, will present his card or credentials and will ask permission to go through the establishment for inspection, and if the request is granted (and so far there has been no refusals reported at this office) the inspector will inquire if there has been any children employed in the establishment. If answered in the affirmative, the inspector will ask for the affidavits and registers on file. Then the inspector will compare the affidavits and register with the children in the establishment and count the actual number he or she has inspected. Therefore the figures given above of the minors are the actual number of children employed in factories, workshops, stores, laundries and offices, or the actual number of children found working when the inspections were made. The figures concerning the adults are furnished by the employers from the pay-roll. Throughout this report the words "men or women" are to be understood as including all persons over sixteen years of age, and the word "children" embraces only those under the age of sixteen years.

The following tables show the increase in work done, as compared with the work done from 1893 to December 15, 1897:

	Places inspected.	Men employed.	Women employed.	Children employed.	Total employed.
1897 .....	11,703	204,945	52,067	9,259	270,271
1896 .....	6,767	162,019	30,781	7,340	200,140
Increase.....	4,936	46,926	21,286	1,919	70,131
Decrease .....

Increase.....	9,341	156,465	34,779	2,803	194,947

The prosecutions of all cases under this department are carried on by the assistant inspector, A. J. Harris, a method used for economy, as the records of this office will show that there has been a saving of attorneys' fees from \$300 to \$350 a year, and as our appropriation is so limited and the wishes of your Excellency are to economize wherever practicable, we have taken this course and we have found it very satisfactory. Within the last four months we have only lost two cases and in these the parents have stated under oath that the children were over sixteen years of age.

Your Excellency's suggestion and approval that this department should participate in the deliberations of the Eleventh Annual Convention of the International Association of Factory Inspectors, which was held in Detroit, Michigan, August 31 and September 1 and 2, 1897, was very commendable, as this staff was but newly appointed and comparatively without any experience, and by coming in contact with older inspectors and participating in the debates of that great, learned and philanthropic body, we became possessed of knowledge, which otherwise would have taken us years of experience to gain. Considering that we were comparatively new in the field and unknown to most of the delegates of the convention, the officers and delegates of the International Association gave us a most cordial welcome and the Illinois delegation were treated most royally in the councils of the convention and in the election of officers, Assistant A. J. Harris being elected second vice president and Deputy Mrs. F. H. Greene assistant secretary. Interesting and instructive papers were read by the chiefs of different states.

The present appropriation for traveling, hotel, office rent and other legitimate expenses of this department is not sufficient to successfully perform the work that the law requires since the field of inspection has been so largely increased under the new law, and as the wishes of your Excellency are that the great manufacturing cities of Illinois—outside of Cook county—should be inspected, that the working men of this great State should receive the benefit of the law as well as those residing in Cook county, we have tried to comply with your wishes to the best of our ability. But with the thousands of establishments of this State the only way to enforce the law and especially in manufacturing establishments which employ a large number of children is by prompt prosecution of all violations. Therefore every city and town where there are a number of factories should be inspected at least twice a year, or more if the enforcements of the law may require.

The appropriation for the Inspector of Factories and Workshops of Illinois is far smaller than that of any other state where the inspection law is enforced. The amendments made by the Fortieth General Assembly have made the factory and workshop laws one of the best in the country and one that the members of the Fortieth General Assembly may well be proud of.

We should have an increase in the appropriation and in the number of deputies as I will suggest in my further recommendations. With thousands of men employed on buffing and polishing machines with no protection whatever at their dangerous occupation, and with a good law to compel the manufacturers to protect these working men from this deadly, poisonous dust, we have compelled a few of the large manufacturers to put up fans and hoppers to carry away the dust while polishing or buffing. But with a larger staff of deputies the law could have been much better enforced and thousands of working men would have been benefited by same.

The sections of the statute which it is the duty of the inspector of factories and workshops to enforce compelling the use of blowers upon metal polishing machines, read as follows:

AN ACT TO COMPEL THE USING OF BLOWERS UPON METAL POLISHING MACHINES.

*An act to compel the using of blowers upon metal polishing machinery. Approved June 11, 1897, in force July 1, 1897.*

43. Emery Wheels, Etc.—Protection against dust, etc.] *Be it enacted by the People of the State of Illinois, represented in the General Assembly: That all persons, companies or corporations operating any factory or workshop where emery wheels or emery belts of any description are used, either solid emery, leather, leathered covered, felt, canvass, linen, paper, cotton, or wheels or belts rolled or coated with emery or corundum, or cotton wheels used as buffs, shall provide the same with blowers, or similar apparatus, which shall be placed over, beside or under such wheels or belts in such a manner as to protect the person or persons using the same from the particles of dust produced and caused thereby, and to carry away the dust arising from or thrown off by such wheels or belts while in operation directly to the outside of the building, or to some receptacle placed so as to receive and confine such*

dust: *Provided*, that grinding machines, upon which water is used at the point of the grinding contact, shall be exempt from the provisions of this act, and provided that this act shall not apply to small shops employing not more than one man in such work.

44. How such wheels shall be fitted in hood, etc.] Sec. 2. It shall be the duty of any person, company or corporation operating any such factory or workshop to provide or construct such appliances, apparatus, machinery or other things necessary to carry out the purpose of this act, as set forth in the preceding section, as follows: Each and every such wheel shall be fitted with a sheet of cast iron hood or hopper of such form and so applied to such wheel or wheels that the dust or refuse therefrom will fall from such wheels, or will be thrown into such hood or hopper by centrifugal force and be carried off by the current of air into a suction pipe attached to same hood or hopper.

45. Wheels to be provided with suction pipe, etc.] Sec. 3. Each and every such wheel six inches or less in diameter shall be provided with a three-inch suction pipe; wheels six inches to twenty-four inches in diameter, with four-inch such suction pipe; wheels from twenty-four inches to thirty-six inches in diameter, with five-inch suction pipe; and all wheels larger in diameter than those stated above shall be provided each with a suction pipe not less than six inches in diameter. The suction pipe from each wheel, so specified, must be full sized to the main trunk suction pipe, and the main suction pipe to which smaller pipes are attached shall, in its diameter and capacity, be equal to the combined area of such smaller pipes attached to the same, and the discharge pipe from the exhaust fan, connected with such suction pipe or pipes, shall be as large or larger than the suction pipe.

46. Necessary fans or blowers to be connected with such pipe pipes, as set forth in act—rate of speed.] Sec. 4. It shall be the duty of any person, company or corporation operating any such factory or workshop to provide the necessary fans or blowers to be connected with such pipe or pipes, as above set forth, which shall be run at a rate of speed as will produce a velocity of air in such suction or discharge pipe of at least nine thousand feet per minute to an equivalent suction or pressure of air equal to raising a column of water not less than five inches in a U shaped tube. All branch pipes must enter the main suction or trunk pipe at an angle of forty-five degrees or less; the main suction or trunk pipe shall be below the emery or buffing wheels and as close to the same as possible, and to be either upon the floor or beneath the floor on which the machines are placed to which such wheels are attached. All bends, turns or elbows in such pipes must be made with easy, smooth surfaces, having a radius in the throat of not less than two diameters of the pipe on which they are connected.

47. Duty of Factory Inspector—Inspection.] Sec. 5. It shall be the duty of any factory inspector, sheriff, constable or prosecuting attorney of any county in this State in which any such factory or workshop is situated, upon receiving notice in writing signed by any person having knowledge of such facts, accompanied by the sum of one dollar as compensation for his services, that such factory or workshop is not provided with such appliances as herein provided for, to visit any such factory or workshop and inspect the same, and for such purpose, they are hereby authorized to enter any factory or workshop in this State during working hours, and upon ascertaining the facts that the proprietors or managers of such factory or workshops have failed to comply with the provisions of this act to make complaint of the same in writing before a justice of the peace or police magistrate having jurisdiction, who shall thereupon issue his warrant, directed to the owner, manager or director, in such factory or workshop, who shall be thereupon proceeded against for the violation of this act and hereinafter mentioned, and it is made the duty of the prosecuting attorney to prosecute all cases under this act.

48. Penalty.] Sec. 6. Any such person or persons or company, or managers, or directors of any such company or corporation who shall have the charge or management of such factory or workshop, who shall fail to comply with the provisions of this act, shall be deemed guilty of a misdemeanor, and

upon conviction thereof before any court of competent jurisdiction, shall be punished by a fine of not less than twenty-five dollars, and not exceeding one hundred dollars.

#### FIRE ESCAPES.

A law passed May 27, 1897, and approved July 1, 1897.

That within three months after the passage of this act, all buildings in this State which are more than four stories high, and all buildings more than two stories high used for manufacturing purposes, hotels, dormitories, schools, seminaries, hospitals, asylums and all public halls, which provide sitting rooms above the first or ground floor, shall be provided with such number of fire escapes as said inspector of factories shall designate. When the Legislature passed that act they may not have fully appreciated the great benefit the people of the State of Illinois would derive from same. History has recorded many disasters caused by that dangerous and devouring element, fire, whereby hundreds of lives have been lost and thousands maimed and disfigured where life and limb might have been saved, many happy homes preserved, and much suffering prevented had proper care been exercised in providing sufficient means for escape in time of danger. With thousands of buildings in this State, and thousands of factories, hotels and schools, and with thousands of men, women and children employed on fourth, fifth and sixth floors, where inflammable material is used, and where if a fire should occur on the bottom floor, they would be caught in a trap where it would be impossible to escape.

In the face of all this how loath many persons are to make proper provisions for the egress of people who may be occupants of buildings of this character. Many people have built without any consideration as to how the people who occupy them should escape in case of fire, should one occur. Yet the owners of such buildings, when this department calls their attention to this great danger, consider it an unnecessary burden of expense, not considering the great danger that the poor working men, women and children are exposed to every day of their lives while at work in these fire traps.

The owners of these buildings could, for a small sum of money, equip said buildings with a proper fire escape protection and save the intense suffering of the minds of those who are left behind in their homes thinking of their loved ones in the factory. The same can be said of schools where thousands of children are in danger of their lives while at school.

A man who owns a building which is occupied by a large number of people and which has no fire escape, will be served a thirty days' notice, and if he does not comply with the law we will bring him in court and compel him to put up proper fire escapes on his building. As the law did not go into effect until October 1st, our experience is limited, but in our next annual report we shall be more elaborate of the fire escape law, which reads as follows:

*Fire Escapes.—Act approved May 27, 1897.*

Section 1. That within three (3) months next after the passage of this act all buildings in this State which are four or more stories in height, excepting such as are used for private residences exclusively, but including flats and apartment buildings, shall be provided with one or more metallic ladder or stair fire-escapes attached to the outer walls thereof, and provided with platforms of such form and dimensions, and such proximity to one or more windows of each story above the first, so as to render access to such ladder or stairs from each story easy and safe, and shall also be provided with one or more automatic metallic fire-escapes, or other proper device, to be attached to the inside of said buildings, so as to afford an effective means of escape to all occupants who, for any reason, are unable to use said ladders or stairs; the number, location, material and construction of such escapes to be subject to the approval of the inspector of factories: *Provided, however*, that all buildings more than two stories in height, used for manufacturing purposes or for hotels, dormitories, schools; seminaries, hospitals, or asylums, shall have at least one such ladder fire-escape for every fifty (50) persons, and one such automatic metallic escape or other device, for every twenty-five (25) persons, in which working, sleeping or living accommodations are provided above the second stories of said buildings; and that all public halls which provide seating room above the first or ground story shall be provided with such numbers of said ladder and other fire escapes as said inspector of factories shall designate.

Sec. 2. All buildings of the number of stories and used for the purposes set forth in section 1 of this act, which shall be hereafter erected within this State shall, upon or before their completion, each be provided with fire-escapes of the kind and number in the manner set forth in this act.

Sec. 3. It shall be the duty of said inspector of factories to serve a written notice in behalf of the People of the State of Illinois upon the owner or owners, trustees or lessees, or occupant of any building within this State not provided with fire-escapes in accordance with the requirements of this act, commanding such owner, trustee, lessee or occupant, or either of them, to place or cause to be placed upon such building, such fire-escape or escapes, as provided in section 1 of this act, within thirty (30) days after the service of such notice. And the grand juries of the several counties of this State may also, during any term, visit or hear testimony relating to any building or buildings within their respective counties for the purpose of ascertaining whether it or they are provided with fire escapes in accordance with the requirements of this act, and submit the result of their inquiry, together with any recommendations they may desire to make, to the Circuit Court, except in Cook county, and to the Criminal Court of Cook County, and said court may thereupon, if it find from the report of said grand jury that said building or buildings is or are not provided with a fire escape or escapes, in accordance with this act, cause the sheriff to serve a notice or notices upon the owner, trustee or occupant of such building or buildings.

Sec. 4. Any such owner or owners, trustee, lessee or occupant or either of them, so served with notices as aforesaid, who shall not within thirty (30) days after the service of such notice upon him or them, place or caused to be placed such fire escape or escapes upon such buildings as required by this act and the terms of such notice, shall be subject to a fine of not less than twenty-five nor more than two hundred dollars, and a further fine of fifty dollars for each additional week of neglect to comply with such notice.

Sec. 5. The erection and construction of any and all fire escapes provided for in this act shall be under the direct supervision and control of said inspector of factories, and it shall be unlawful for any person or persons, firm or corporation, to erect or construct any fire escape or escapes, except in accordance with a written permit first had and obtained and signed by said inspector of factories, which permit shall prescribe the number, location, material, kind and manner of construction of such fire escape.

-Sec. 6. Any person or persons, firm or corporation, who shall be required to place one or more fire escapes upon any building or buildings, under the provisions of this act, shall file in the office of said inspector of factories a written application for a permit to erect or construct such fire escape or escapes, which application shall briefly describe the character of such building or buildings, the height and number of stories thereof, the number of fire escapes proposed to be placed thereon, the purposes for which such building or buildings is or are used, and the greatest number of people who use or occupy or are employed in such building or buildings above the second stories thereof at any one time.

AN ACT to regulate the manufacture of wearing apparel, cigars, etc. (Approved June 17, 1893.)

Section 1. That no room or rooms, apartment or apartments in any tenement or dwelling house used for eating and sleeping purposes, shall be used for the manufacture, in whole or in part, of coats, vests, trousers, knee-pants, overalls, cloaks, shirts, ladies' waists, purses, leathers, artificial flowers or cigars, except by the immediate members of the family living therein. Every such workshop shall be kept in a cleanly state, and shall be subject to the provisions of this act; and each of said articles made, altered, repaired or finished in any of such workshops shall be subject to inspection and examination, as hereinafter provided, for the purpose of ascertaining whether said articles, or any of them, or any part thereof, are in a cleanly condition and free from vermin and any matter of an infectious and contagious nature; and every person so occupying or having control of any workshop as aforesaid shall, within fourteen days of the taking effect of this act, or from the time of the beginning of work in any workshop as aforesaid, notify the board of health of the location of such workshop, the nature of the work there carried on and the number of people therein employed.

Sec. 2. If the board of health of any city or said State inspector finds evidence of infectious or contagious diseases present in any workshop, or in goods manufactured or in process of manufacture therein, and if said board or inspector shall find said shop in an unhealthy condition, or the clothing and materials used therein to be unfit for use, said board or inspector shall issue such orders as the public health may require, and the board of health are thereby enjoined to condemn and destroy all such infectious and contagious articles.

Sec. 7. The words "manufacturing establishment," "factory" or "workshop," wherever used in this act, shall be construed to mean any place where goods or products are manufactured or repaired, cleaned or sorted, in whole or in part, for sale or for wages. Whenever any house, room or place is used for the purpose of carrying on any process of making, altering, repairing or finishing, for sale or for wages, any coats, vests, trousers, knee-pants, overalls, cloaks, shirts, ladies' waists, purses, leathers, artificial flowers or cigars, or any wearing apparel of any kind whatsoever, intended for sale, it shall, within the meaning of this act, be deemed a workshop for the purpose of inspection. And it shall be the duty of every person, firm or corporation to keep a complete list of all such workshops in his, their or its employ, and such lists shall be produced for inspection on demand by the board of health, or any of the officers thereof, or by the State inspector, assistant inspector or any of the deputies appointed under this act.

Sec. 8. Any person, firm or corporation who fails to comply with any provisions of this act shall be guilty of a misdemeanor, and on conviction thereof shall be fined not less than three dollars nor more than one hundred dollars for each offense.

Sec. 9. Said inspector, assistant inspector and deputy inspectors shall be empowered to visit and inspect, at all reasonable hours and as often as practicable, the workshops, factories and manufacturing establishments in this State where the manufacture of goods is carried on. It shall also be the duty of said inspector to enforce the provisions of this act and to prosecute all violations of the same before any magistrate or any court of competent jurisdiction in the State.

Section 1st should be amended to read as follows:

That no room or room, apartment or apartments in any tenement house or dwelling used for eating, sleeping or cooking purposes, shall be used for the manufacture, in whole or in part,\* for cleaning, dyeing or repairing coats, vests, trousers, knee-pants, overalls, cloaks, hats, capes, suspenders, jerseys, caps, blouses, waists, waistbands, underwear, neckwear, furs, cigarettes, cigars, snuff or tobacco, except by the immediate members of the family living therein. No person or persons, firm or corporation shall hire or suffer any person or persons to work in any room or rooms, apartment or apartments, in any rear building or buildings, a tenement or dwelling house, at making or manufacturing, in whole or in part, any of the articles mentioned in this section, without first obtaining a written permit from the State factory inspector or the assistant factory inspector, stating the maximum number of persons to be employed therein. Such permit shall not be granted until an inspection of such premises is made by the State Factory Inspector, Assistant Factory Inspector or any of the deputy factory inspectors and may be revoked by the State factory inspector at any time the health of the community or of those so employed may require it. The permit should be framed and placed in a conspicuous place in the room, or in any of the rooms in which the said persons are employed. Every person, foreman or manager, firm, company or corporation contracting for the manufacture of any articles mentioned in this section, or giving out the incomplete material, they or any of them are to be made or to be whole or in partial finished, shall keep a written register of the names and addresses of all persons to whom such work shall be given to be made, or with whom it may be contracted to do the same; such register shall be produced for inspection and a copy thereof shall be furnished on demand of the State Factory Inspector, the Assistant Factory Inspector or any one of his deputies: *Provided, however*, that nothing in this section shall be so construed as to prevent the employment of any seamstress of any family for the manufacturing articles of such family used only, and every person so occupying or having control of any workshop, as aforesaid, shall, within thirty days from taking effect of this act, or from the time beginning to work in any workshop as aforesaid, notify the State Factory Inspector or Assistant Factory Inspector, the location of such workshop, the nature of the work there carried on and the number of persons therein employed.

Section 8 of the same act shall read as follows:

Any person or persons, firm or corporation, through its managers or agents, who fail to comply with any of the foregoing provisions of this act, or who interferes or obstructs in any way or manner the State Factory Inspector, Assistant Factory Inspector, or any of his deputies in the discharge of his or her duties, shall be deemed guilty of misdemeanor and, on conviction thereof, shall be fined not less than \$10.00 nor more than \$100.00, or by imprisonment of not less than 10 days nor more than 90 days in the county jail, or by both such fine and imprisonment at the discretion of the court for each offense.

The enforcement of the law, which relates to the manufacture of certain articles in tenement or dwelling houses, more commonly known as the "Sweat-shop Law," has been enforced very vigorously and the supervision over the sweating and tenement house of the manufactures, so far as the law allows us, we find that a wholesome comprehension and fear of the law has been impressed on the majority of the contractors and sweating bosses. Their lessons in many instances have been very expensive and given them a great amount of notoriety that the contractors did not appreciate. They were given to understand that they must keep their premises in a reasonably healthy and clean condition if they desired to continue the manufacture of clothing and put the same on the market. But we find that a wholesome abolishment of the sweat-shop system can only

be accomplished by legislating strict laws. We would suggest that every garment manufactured in a tenement or dwelling house should bear a tag stating the same, that when a garment comes on the market the innocent purchaser, who by the way pays a high price for this garment, thinking it was made by the best of workmanship and under clean and healthy conditions, may know the dangers and risks of wearing clothing made where vermin, diphtheria, small-pox and other contagious diseases exist. The occupation of tenement or dwelling houses by miscellaneous parties for workshops, can be done away with at a reasonable expense—by amending section 1 of article 1 of the "sweat-shop law," by giving the inspector of factories and workshops the power of issuing or refusing a permit or license to employ any person not a member of his or her family, where the shop or rooms are not in a clean and healthy condition, or the space for people employed therein is not sufficient. While it may not do away with all the shops in tenement houses, it would bring about a condition of affairs whereby the inspector could exercise his judgment, as the circumstances allowed.

It is gratifying to report that there is a continual improvement in the decrease of the employment of children in sweat-shops, as this report will show. While we found a decrease in the number of children under sixteen years of age in the sweat-shops, there were comparatively none under fourteen years of age. This we attribute to the result of vigorous and prompt prosecutions against those sweaters when we found them not complying with the law. While it may not have brought these children back to school, any other occupation for a young child is far better than being employed in those miserable little shops, where the heat and foul air affects their system, and their young backs bend in two over the needle or machine, working from twelve to fifteen hours a day; and when they grow to womanhood their sickly, pale faces and sunken eyes tell a tale of the undermine system and the hardships of their younger years, and the bearing and appearance of a comparatively young woman is that of a woman of fifty, and so their lives are shortened and their vitality exhausted.

I would further recommend wash-rooms, separate water-closets and dressing-rooms in places where there are employed a number of both sex. It should read as follows: "A suitable and proper wash-room, water-closet and dressing-room shall be provided in each store and manufacturing establishment, and such water-closets should be screened and ventilated and be kept at all times in a clean and proper condition, and if women or girls are employed in any such establishment they shall have separate approaches and be separate and apart from those used by the men. All water-closets shall be kept free of obscene writing and marking. A dressing-room shall be provided for women and girls when required by the State Factory Inspector, Assistant Factory Inspector or any deputy factory inspector, under the direction of the State Factory Inspector, in any manufacturing establishment or mercantile store, where women or girls are employed."

## FACTORIES AND WORKSHOPS.

It shall be the duty of all manufacturers of the State of Illinois to forward by mail to the State Factory Inspector of Factories and Workshops a report of each and every serious accident resulting in bodily injury to any person or persons which may occur in their establishment, giving particulars of same as fully as can be ascertained upon blanks which shall be furnished by the Inspector of Factories and Workshops.

If death shall result from any such accident to any employé said report shall contain the age, name, sex and employment of the deceased, whether married, the number of persons, if any, deprived of support in consequence thereof, and the cause of accident, if known. If the accident has caused bodily injury of such a nature as to prevent the person injured from returning to his or her employment within six or more days after the occurrence of the accident, then the report shall contain the name, age, sex and employment of the one disabled, the nature and extent of the injury received, how caused if known, how long disabled, loss of time and wages therefrom, and if possible the expense thereby incurred in full.

## THE APPROPRIATION FOR THE FACTORY AND WORKSHOP INSPECTORS' OFFICE.

I would recommend that the appropriation for traveling, office rent, and all other legitimate expenses of the inspectors be made at \$15,000 per annum, and that five more deputy inspectors, with one clerk and one stenographer in the office, be added to the staff.

We have been studying a problem on which we deem legislation necessary, to amend the law so as to take in all peddlers, venders, boot-blacks, newsboys and newsgirls under the factory and workshop law, that we may be able to do away with the child beggar and vender in the streets of the city of Chicago. This form of street begging and peddling is getting to be a disgrace and nuisance to the community. The evil that comes to these children is far greater than the public at large can possibly understand. It is a common occurrence to see these young children in saloons and hotels at any hour of the night begging or selling their ware. They can be seen in the central part of the city of Chicago at any hour after midnight alone, some as young as five years and regardless of the condition of the weather. The law should be amended to read as follows: "All peddlers, boot-blacks, newsboys and newsgirls under sixteen years of age, shall be required to obtain a permit from the State Factory and Workshop Inspector, and a permit shall not be issued unless an affidavit is first made and acknowledged by the parent or guardian, and no permit shall be issued to any child under fourteen years of age, and the parent or guardian shall be held responsible for said child."

## BAKESHOP LAW.

All buildings occupied as a bakeshop where bread, cakes, biscuits and all other food is baked shall be drained and plumbed and kept in a cleanly condition, so as to have a proper and healthful sanitary condition, and to be subject to inspection by the State Factory and Workshop Inspector or his assistant or deputies. Every building, store or rooms used for the manufacture of meal food shall be under the direct supervision of the State Factory Inspector. Public attention is being directed to the condition of affairs in bakeshops and candy manufacturing establishments of the city of Chicago, where great numbers of bakeshops are located in filthy basements, where foul air, insects and refuse are in abundance.

The general public has very little idea of the condition of the food which is served to them. Many of the shops are used as sleeping-rooms by the employés, not to mention the sanitary condition of these filthy places; in fact it appears to be the custom in many places to utilize these filthy shops for lodging purposes, as well as for the preparation of food products. In our opinion the cellar of the bakeshop is responsible for many of the contagious diseases which prevail in cities. It is no wonder then that a demand has been made by the public, as well as by the employés, that these bakeshops be put under the supervision of the Inspector of Factories and Workshops, and that stringent laws be passed to remedy this crying evil. It is a just demand from the public at large to know that the food they buy is made under clean hands and good sanitary conditions, and that the employés be protected from the extreme and unbearable heat and filthy cellars.

At the last convention of Factory and Workshop Inspectors, papers were read by Mr. D. J. Hanlan, of New York, and Theodore Wagner, of Ohio, respectively, on the subject of bakeshops, in which both gentlemen have had considerable experience in their respective states.

We have paid special attention to the department stores during the holiday season to see that section 36, relating to the hours of employment of children under 16 years of age, was complied with. We have notified the managers of the different department stores that the ten-hour law would be strictly enforced. We have detailed deputies to watch the stores from 6 p. m. to 9 p. m., and up to the present time no report of any violation of section 36 has been made, as the managers have arranged to hire more help and work them in shifts during the holiday season.

GARMENT TRADES IN CHICAGO AND COOK COUNTY.

---

In getting up this table of garment manufacturers in Cook county, we have tried to arrange it so as to enable the reader at a glance to know in what condition the manufacturing of certain articles is done. We have endeavored to correctly describe the places where the work is done. The word "shop" used at the head of this table means, a building that is used for manufacturing purposes only; the word "tenement" means a building used and occupied by more than one family, the shop being in the same building; the word "basement" means a workshop in the basement of a tenement house; the words "stable or shed" means a shop where garments are manufactured above a stable used for domestic animals. The filth and odor in most cases are unbearable and we condemn such places as nuisances and of breeding diseases. But alas, we are powerless, as the law does not allow us to prohibit work done there, unless evidence of infectious or contagious disease is found therein; the words "living rooms" means a place where a number of people are employed in a room or rooms, who are not members of the immediate family living therein and in every case of this kind which was reported at this office, we have enforced the law most vigorously, as Section 1 provides.

The condition of these places, as given below, is reported by the deputy inspectors as they find them, and in compiling this table we have tried to give a correct account of the number of men and women employed, and also the number of children under 16 years of age employed therein.
